ALERRT Active Shooter Incident Management (ASIM) Training

3 Days

ADVANCED LAW ENFORCEMENT RAPID RESPONSE TRAINING

TEXAS STATE UNIVERSITY

The ALERRT Center at Texas State University is delivering the Active Shooter Incident Management (ASIM) course, a three-day comprehensive course providing responders with the experience and confidence to manage an Active Shooter Event, no matter where theyre assigned in the ICS structure.

This course is appropriate for all ranks and provides hands-on incident management experience (using 3D multi-responder simulation) to all responders. Students are trained on integrated and effective responses to the full range of Active Shooter and hostile event threats, including Complex Coordinated Attacks (CCAs).

Topics for the ASIM Course include:

The ASIM Checklist Process · Dispatch · Staging · Tactical ·Triage · Transport · Contact Team Deployment · Rescue Task Force (RTF) Integration · Establishing Casualty Collection Points (CCPs) · Victim Evacuation · Ambulance Exchange Points · Intelligence and Reunification · Complex Coordinated Attacks · Improvised Explosive Devices (IEDs) · Hostage/Barricade Events

Required Equipment:

Pen and paper

Dress:

This course is classroom-based and no special dress is required. Agency uniforms or training attire is appropriate.

Dates: March 13 – 15, 2018

Location: Douglas County Fairgrounds Event Center

500 Fairgrounds Rd, Castle Rock, CO 80104

Registration Contact: Corporal Jeremy Finkenbinder 720-474-6347

jfinkenb@dcsheriff.net

There is no charge to officers or agencies for this training. It is funded through federal and state grants
