

2016 – Title II/Formula Grant Special Conditions

The following program specific requirements are imposed by the Federal sponsoring agency concerning special requirements of law, program requirements, and other

1. Grantee agrees to comply with all confidentiality requirements of **42 U.S.C. section 3789g** and 28 C.F.R. Part 22 that are applicable to collection, use, and revelation of data or information. Grantee further agrees, as a condition of grant approval, to submit a Privacy Certificate that is in accord with requirements of 28 C.F.R. Part 22 and, in particular, section 22.23.

Revision 10/27/17

- **Section 3789 was editorially reclassified as section 10228 of Title 34, Crime Control and Law Enforcement.**

2. Grantee integrity and performance matters: Requirement to report information on certain civil, criminal, and administrative proceedings to SAM and FAPIIS

Grantee must comply with any and all applicable requirements regarding reporting of information on civil, criminal, and administrative proceedings connected with (or connected to the performance of) either this OJP award or any other grant, cooperative agreement, or procurement contract from the federal government. Under certain circumstances, recipients of OJP awards are required to report information about such proceedings, through the federal System for Award Management (known as "SAM"), to the designated federal integrity and performance system (currently, "FAPIIS").

The details of Grantee obligations regarding the required reporting (and updating) of information on certain civil, criminal, and administrative proceedings to the federal designated integrity and performance system (currently, "FAPIIS") within SAM are posted on the OJP web site at <http://ojp.gov/funding/FAPIIS.htm> (Award condition: Recipient Integrity and Performance Matters, including Recipient Reporting to FAPIIS), and are incorporated by reference here.

3. The Grantee acknowledges that the State and Office of Justice Programs (OJP) reserves a royalty-free, non-exclusive, and irrevocable license to reproduce, publish, or otherwise use, and authorize others to use (in whole or in part, including in connection with derivative works), for Federal purposes: (1) any work subject to copyright developed under an award or subaward; and (2) any rights of copyright to which a grantee or subgrantee purchases ownership with Federal support.

The Grantee acknowledges that the State and OJP has the right to (1) obtain, reproduce, publish, or otherwise use the data first produced under an award or subaward; and (2) authorize others to receive, reproduce, publish, or otherwise use such data for Federal purposes. "Data" includes data as defined in Federal Acquisition Regulation (FAR) provision 52.227- 14 (Rights in Data - General).

It is the responsibility of the Grantee (and of each subgrantee, if applicable) to ensure that this condition is included in any subaward under this award. The grantee has the responsibility to obtain from subgrantees, contractors, and subcontractors (if any) all rights and data necessary to fulfill the grantee's obligations to the Government under this award. If a proposed subgrantee, contractor, or subcontractor refuses to accept terms affording the Government such rights, the grantee shall promptly bring such refusal to the attention of the OJP program

manager for the award and not proceed with the agreement in question without further authorization from the State.

4. Any Web site that is funded in whole or in part under this award must include the following statement on the homepage, on all major entry pages (i.e., pages (exclusive of documents) whose primary purpose is to navigate the user to interior content), and on any pages from which a visitor may access or use a Web-based service, including any pages that provide results or outputs from the service:

"This Web site is funded [insert "in part," if applicable] through a grant from the [insert name of OJP component], Office of Justice Programs, U.S. Department of Justice. Neither the U.S. Department of Justice nor any of its components operate, control, are responsible for, or necessarily endorse, this Web site (including, without limitation, its content, technical infrastructure, and policies, and any services or tools provided)."

The full text of the foregoing statement must be clearly visible on the home page. On other pages, the statement may be included through a link, entitled "Notice of Federal Funding and Federal Disclaimer," to the full text of the statement.

5. Grantee agrees to comply with all Formula Grants Program requirements as outlined in the Juvenile Justice and Delinquency Prevention Act of 2002, the applicable guidelines, the Certified Assurances; and the most recent OJJDP Formula Grants Consolidated Regulation (28 CFR Part 31), to the extent that those regulations are not in conflict with the above.
6. The Title II Part B Formula Grant Program supports state and local efforts to plan, establish, operate, coordinate and evaluate policies and projects, directly or through grants and contracts with public and private agencies, for the development of more effective education, training, research, prevention, diversion, treatment, and rehabilitation programs in the area of juvenile delinquency and programs to improve the juvenile justice system. All recipients of Title II funding must assist OJJDP in complying with NEPA and other related federal environmental impact analyses requirements in the use of grant funds, whether the funds are used directly by the grantee or by a subgrantee or third party. Accordingly, prior to obligating funds under this award for any of the specified activities, the grantee must first confer with OJJDP to determine if further environmental analysis is required.

The specified activities requiring environmental analysis are: a. New construction; b. Any renovation or remodeling of a property located in an environmentally or historically sensitive area, including properties located within a 100-year flood plain, a wetland, or habitat for endangered species, or a property listed on or eligible for listing on the National Register of Historic Places; c. A renovation, lease, or any proposed use of a building or facility that will either (a) result in a change in its basic prior use or (b) significantly change its size; d. Research and technology whose anticipated and future application could be expected to have an effect on the environment; and e. Implementation of a program involving the use of chemicals other than chemicals that are (a) purchased as an incidental component of a funded activity and (b) traditionally used, for example, in office, household, recreational, or education environments.

Complying with NEPA may require the preparation of an Environmental Assessment and/or an Environmental Impact Statement, as directed by OJJDP.
