

2019 - National Criminal History Improvement Program (NCHIP) Special Conditions

The following program specific requirements are imposed by the Federal sponsoring agency concerning special requirements of law, program requirements, and other administrative requirements. These requirements apply to this Agreement and must be passed on to subgrant award recipients.

1. Grantee agrees that AFIS (Automated Fingerprint Identification System) equipment purchased under this award will conform to the American National Standards Institute (ANSI) Standard, "Data Format for the Interchange of Fingerprint, Facial & Other Biometric Information" (ANSI/NIST-ITL 1-2007 PART 1) and other reporting standards of the FBI.
2. Grantee is or will be following a comprehensive strategy for information sharing systems to improve the functioning of the criminal justice system, with an emphasis on integration of all criminal justice components, law enforcement, courts, prosecution, corrections, and probation and parole. Further, the strategy must be developed in consultation with State and local officials with emphasis on the recommendation of officials whose duty it is to oversee, plan, and implement integrated information technology systems, and contain-- (a) a definition and analysis of integration in the State and localities developing integrated information sharing systems; (b) an assessment of the criminal justice resources being devoted to information technology; (c) State and local resource needs; (d) Federal, State, regional, and local information technology coordination requirements; and (e) statewide priorities for planning and implementation of information technology systems.
3. Grantee agrees that activities supported under this award will be coordinated with Federal, State, and local activities relating to homeland security and presale firearm checks, as appropriate.
4. In order to ensure that the National Criminal History Improvement Program (NCHIP) and the NICS Act Record Improvement Program (NARIP) are realizing the objectives in the most productive manner, the grantee agrees to participate in a comprehensive evaluation effort. It is anticipated that the evaluation will take place during the course of the program and will likely involve each participating state. It is expected that the evaluation will have a minimal impact on state program personnel and resources.
5. Grantee agrees that criminal justice information systems designed, implemented, or upgraded with NCHIP or NARIP funds will be compatible, where applicable, with the National Incident-Based Reporting System (NIBRS), the National Crime Information Center system (NCIC 2000), the National Criminal Instant Background Check System (NICS), the Integrated Automated Fingerprint Identification System (IAFIS), and applicable national, statewide or regional criminal justice information sharing standards and plans.
6. Protective order systems developed with funds awarded under this grant will be designed to permit interface with the National Protective Order file maintained by the FBI.
7. Grantee has or intends to establish a program that enters into the National Crime Information Center (NCIC) records of: (a) Protection orders for the protection of persons from stalking or domestic violence; (b) Warrants for the arrest of persons violating protection orders intended

9. Grant funds may be used only for the purposes in the grantee's approved application. The grantee shall not undertake any work or activities that are not described in the approved grant award, and that use staff, equipment, or other goods or services paid for with OJP grant funds, without prior written approval from DCJ.
10. The value or amount of any "non-federal share," "match," or cost-sharing contribution incorporated into the approved budget for this award is part of the "project cost" for purposes of the Part 200 Uniform Requirements, and is subject to audit. In general, the rules and restrictions that apply to award funds from federal sources also apply to funds in the OJP-approved budget that are provided as "match" or through "cost sharing."
11. Within 45 calendar days after the end of any conference, meeting, retreat, seminar, symposium, training activity, or similar event funded under this award, and the total cost of which exceeds \$20,000 in award funds, the grantee must provide the program manager with the following information and itemized costs:

12. Grantee agrees to submit reports as required by DCJ documenting all relevant project activities during the period of support under this award. This report will include detailed information about the project funded.

13. None of the following activities will be conducted either under the OJP Federal action or a related third party action:

New construction.

A renovation which will change the basic prior use of a facility or significantly change its size.

Implementation of a program involving the use of chemicals.

Consequently, the subject Federal action meets OJP's criteria for a categorical exclusion as contained in paragraph 4.(b) of Appendix D to Part 61 of the Code of Federal Regulations. Additionally, the proposed action is neither a phase nor a segment of a project which when viewed in its entirety would not meet the criteria for a categorical exclusion.
