

# LEADERSHIP Academy

**January 26-27, 2019 8:30AM - 4:00 PM**

**Hosted by the Pueblo West Fire Department  
729 E. Gold Avenue Pueblo West, Colorado**

Leadership Academy prepares doers to become leaders and leaders to become executives. We've learned that many organizations plan only for today.

Little thought if any is given towards preparing the next level of leader for the daunting role they will take on. Unprepared, they will struggle and fail. When that occurs, it affects the area they are leading. The downward spiral is underway. Unchecked, it can negatively affect an entire organization.

This program will cover a wide array of topics presented through many engaging interactive exercises, role plays and other motivating tools. Using practices and principles with proven track records, this program is very dynamic.

## **PROGRAM GOAL**

*The goal of the Leadership Academy is to prepare individuals for their transition to the next level of leadership.*

## **OBJECTIVES**

*Understand the expectations of the transition to the next level of leadership.*

*Develop an understanding of personal influence and how traits affect team dynamics.*

*Develop strategies for creating synergy within teams.*

*Define leadership types, implementing situational leadership.*

*Demonstrate analysis of commonly observed conflict issues and develop strategies for managing conflict.*

*Define emerging issues in emergency services and translating them into opportunities for team success.*

*Understand how to be effective in time management, interpersonal communications and short, medium and long-term planning.*
