

# NORTH AREA TRAINING CHIEFS

"...sharing experience and knowledge to create safe, professional, and unified North Area Firefighters. "

## Mayday Retrospective

After Action Review of Thornton Fire's  
2018 Mayday - Open Training Invitation

### 11846 Josephine St. Mayday on April 24, 2018

Thornton Fire experienced our department's first mayday. In every event come the seeds of growth for all of our organizations. We have investigated the links to the mayday and want to share our lessons learned.

This class is the result of three months of research and review of what happened. We were lucky to get out without major injury but maybe we can help you avoid a mayday altogether.

Please come learn from our call, policy and practice changes as well as cultural change.

The Instructors:

Capt. Bret Wentworth

Capt. Wentworth has been in the fire service with Thornton Fire for 16 years. In 2018 he took a position as the Thornton Fire Training Captain. He was tasked with completing the Mayday investigation and sharing lessons learned.

Lt Cody Larson

Cody is a recently promoted LT of training with Thornton Fire with a great fire service background. His passion for Firefighter training shows in any class he teaches.
