Room Rates: \$89.00

Courses Being Offered:

Fire Officer II (Feb 1-5)

Class Size: 20

IFSAC- Pro Board Certification Course

Course Description

This course is designed for the first-line company officer/supervisor. The Fire Officer II course satisfies the requirements of the National Fire Protection Association (NFPA 1021), and provides the tools necessary to obtain certification through the Colorado Division of Fire Prevention and Control. Candidates will attend lecture Monday through Friday to prepare for the written exam and will be developing a Job Performance Requirement (JPR) portfolio on-site and are expected to complete additional JPRs at the conclusion of class. It is designed around classroom lectures and group exercises to improve your abilities to manage a single fire company. This includes responsibilities such as the development of an Incident Action Plan (IAP), personnel management, mentoring, and community relations.

Prerequisite: Attendees must be current Colorado State Certified Fire Officer I and Fire Instructor I. Attendees must bring textbook: Fire & Emergency Services Company Officer (5th Edition, IFSTA).

Important! Class Schedule:

Course Runs 0800 to 1700 Feb. 1 - 5, 2015 with JPR assignments due NO LATER THAN CLOSE OF BUSINESS FEB. 19th. Written exam may be scheduled only after completion of practical.

Students will be given a pre-course assignment of completing 2 JPRs that **they must bring with them on the first day** of the class on Monday, February 1. That morning, each student will be paired with a proctor to discuss the evaluation of their JPRs and any necessary changes to formatting and content. Some JPRs will be evaluated during the week of the course. At the conclusion on Friday, students will be given an assignment to complete the rest of the JPRs assigned to them and will have until Feb. 19th to submit all of their completed JPRs to their proctor prior to sitting for their exam. Failure to submit final JPRs will result in candidate then being required to submit all JPRs in the traditional method for review.

LEADERSHIP II FOR FIRE & EMS: STRATEGIES FOR PERSONAL SUCCESS (F0804) (Jan 30-31) Class Size 30**Course Description**

This 2-day course provides the company officer with the basic leadership skills and tools needed to perform effectively in the fire service environment. The course addresses ethics, use and abuse of power at the company officer level, creativity in the fire service environment, and management of the multiple roles of the company officer.

General Audience

Line fire officers, unit commanders, or program supervisors. Fire or rescue personnel due for promotion/appointment to officer rank or supervisory position within 6 months.

**RESIDENTIAL SPRINKLER PLAN REVIEW (F0142)
(JAN 30-31) Class Size 30****Class is Canceled****Course Description**

The scope of this course looks at the following as the primary guidance for the approval of residential sprinkler systems:

- a) National Fire Protection Association (NFPA) Standard 13, Standard for the Installation of Sprinkler Systems.
- b) 13D, Standard for the Installation of Sprinkler Systems in One- and Two- Family Dwellings and Manufactured Homes.
- c) 13R, Standard for the Installation of Sprinkler Systems in Residential Occupancies up to and Including Four Stories in Height.
- d) International Residential Code (IRC) Standard P2904.
- e) Manufacturer's Data Sheets.
- f) The ability to read and interpret the design is an essential element of preventive fire safety

General Audience

This course is appropriate for building and fire code officials whose responsibility is to review and approve residential sprinkler plans. Such officials include fire inspectors, fire marshals, and building code inspectors with at least 1 year of experience on the job. The

audience should have an understanding of the history of water-based fire protection systems and methods used to verify hydraulic calculation.

HEALTH AND SAFETY OFFICER (REVISED) (F0457)
(JAN 30-31) Class Size: 30

Course Description

This 2-day course examines the Health and Safety Officer's role in identifying, evaluating, and implementing policy and procedures that affect health and safety aspects for emergency responders. Risk analysis, wellness and other occupational safety issues will be the main emphasis of this course.

General Audience

Individuals who have department-level health and safety responsibilities. Persons attending this course should have a working knowledge of the Incident Command System, as taught by NFA, applicable NFPA and OSHA requirements and recommendations, and responsibility for setting policy for the department on such issues.

The Chief Officer Training Course: Leadership
(Jan 30- Feb 2) Class Size: 30

The Colorado Division of Fire Prevention & Control will be rolling out the third class for the National Fire Academy Chief Officer Training Course. This NFA certificate program is 160 hours in duration and will be delivered in blocks during the National Fire Academy Weekends or as demand dictates. The target audience is composed of those officers who are responsible for commanding a variety of units from multiple stations. In their new roles, the newly promoted chief officer would be responsible for strategic decision-making at incidents, leaving the tactical decision-making to lower-level officers. In career departments, this newly appointed chief officer might often be at the battalion chief level. In a volunteer or combination volunteer and career department, the newly appointed chief officer would not typically be referred to as a battalion chief, but may have another rank such as captain or lieutenant.

COTC: Who is the target audience?

The target audience is composed of those officers who have recently moved from being in charge of several responding sections within a station (possibly over multiple shifts) to being responsible for commanding a variety of units from multiple stations. In their new roles, the newly promoted chief officer would be responsible for strategic decision-making at incidents, leaving the tactical decision-making to lower-level officers. In career departments, this newly appointed chief officer might often be at the battalion chief level. In a volunteer or combination volunteer and career department, the newly appointed chief officer would not typically be referred to as a battalion chief, but may have another rank such as captain or lieutenant.

COTC: How is the curriculum organized?

The COTC curriculum includes four distinct courses of instruction: Leadership, Human Resource Development, Community Risk Reduction, and Operations for a newly promoted chief officer. The total number of contact hours is 160. The Division of Fire Prevention & Control hopes to be able to offer two of the modules each year. Upon completion of the **ENTIRE** program (160 Hours), students are eligible for a NFA Certificate. The module breakdown is as follows:

- 1. Leadership 32 hours**
- 2. Human Resource Development 32 hours**
- 3. Community Risk Reduction 16 hours**

4. Operations 80 hours
