This 2-day National Fire **Academy course provides** students the tools necessary to successfully implement the **National Fire Incident Reporting** System (NFIRS) in their respective jurisdictions and to achieve uniformity in their incident and activity reporting. Students will be provided detailed instruction on the NFIRS coding structure and rationale, comprehensive information on the NFIRS modules, and strategies to promote, implement, support and manage the NFIRS system. Participants will also be introduced to the Federal Client Tool (FCT) Reporting System and web-based reporting. Students will also be given a copy of the Reporting Tool Program to take back to their department to help start reporting.

Red Rocks Community College
13300 West 6th Avenue
Lakewood CO

Date: November 18-19, 2017

Time: 9:00am—5:00pm

Cost: FREE

Introduction to National Fire Incident Reporting System (NFIRS) Course

Hosted by: Red Rocks Community College Sponsored by: Colorado Division of Fire Prevention & Control

This 2-day National Fire Academy course provides students the tools necessary to successfully implement the National Fire Incident Reporting System (NFIRS) in their respective jurisdictions and to achieve uniformity in their incident and activity reporting. Students will be provided detailed instruction on the NFIRS coding structure and rationale, comprehensive information on the NFIRS modules, and strategies to promote, implement, support and manage the NFIRS system. Participants will also be introduced to the Federal Client Tool (FCT) Reporting System and web-based reporting. Students will also be given account access to use the Reporting Tool Program to use at their department to help start reporting.
