Three days of extensive trainer training, to prepare you to replicate a variety of workshops for professionals, paraprofessionals, and parents in your own communities. Combines many practical, useful strategies into one comprehensive package. Trainers are provided with curricula, visual aids, and certificates to document 20 hours of training and to authorize their replication of handout materials. Application is the second page of this attachment. The aim is to identify trainers who provide training or advice to other adults: early childhood educators, caregivers, mental health and child welfare providers, as well as those working with youth who have sexually offended.
