Alyssa Dalen (they/them/theirs) joined the ORS, OVP, and ODVSOM teams as a Statistical Analyst in the summer of 2023. Also in 2023, they received a Masters of Public Health degree from the Colorado School of Public Health, with a concentration in Population Mental Health and Wellbeing. Alyssa works passionately to prevent sexual violence, support victim services across the state, and utilize data to inform and advocate for increased support and improvements in the field. In their personal life, Alyssa enjoys exploring restaurants and breweries, crafting, music, and spending time with their friends and family.
