Introduction

The Office for Victims Programs (OVP) is a unit within the Division of Criminal Justice (DCJ) at the Colorado Department of Public Safety. The OVP is responsible for administering several federal and state grant programs that are designed to provide services to victims of crime and to coordinate and integrate law enforcement, prosecution, judicial efforts, and victim services in response to crimes.

As a result of the 2015 statewide needs assessment conducted by the OVP, housing for victims of crime has been identified as a Special Project for use of the Victims of Crime Act (VOCA) Assistance funds. OVP is working collaboratively with the Colorado Coalition Against Domestic Violence (CCADV) and a Steering Committee of subject matter experts and stakeholders to address this need by supporting a set of project sites across the state in the implementation of new methods of housing for crime victims.

Only organizations who submitted a Letter of Intent (LOI) by the November 7, 2016 deadline are eligible to apply. If you did not complete this pre-requisite, please do not complete the application for funding.

All applicants will be required to provide information about “match funding” in the application. All applicants must demonstrate the ability to provide 20% matching funds.

If you have a question while completing your application, please contact Ashley Riley Lopes at the OVP at (303) 239-4529 or toll free at (888) 282-1080.

Important Information

Grant Application Writing Tips:

- Read the **Announcement** in its entirety.
- Read the **Instructions** in their entirety before completing your project application. Make sure you understand the eligibility guidelines, allowable activities, and application content requirements before you complete the application.
- Participate in the grant application webinar (1/18/17) or listen to the recorded version available on our website <https://sites.google.com/a/state.co.us/dcj-victim-program/home/grant-programs/statewide-special-projects>; look for the row in the chart named *Housing for Crime Victims* and the associated links.
- All information provided in the application should be based on a 20-month time period 5/1/17 -12/31/18.
 - Make sure that your calculations in the budget narrative match the dollar amount requested.
 - Use only whole dollar amounts in your budget and be sure to have the financial officer on the project review and verify your proposed budget.
 - There is no such thing as “miscellaneous” costs. Every single item of cost in your budget must be properly itemized and categorized using the available budget categories.
 - The requested budget items must relate to the goals and objectives.
 - Consider what resources are necessary for your organization to successfully implement this project, including necessary staff support, supplies and operating, travel expenses, and indirect costs.
 - Each requested expense must be well-justified and explained in the budget narrative.
- Do not include costs that have been specifically identified as unallowable in the application instructions Appendix (starting on page 31).
- Think “succinct.” Narrative portions of the application should be concise, concrete, clear, and directly to-the-point. Excessive narrative that strays from the point of the question can cause your message to be lost. Remember that OVP staff and Steering Committee members will collectively review a large number of applications so make it as easy as possible for them to quickly understand your responses to items in the application.
- **SAVE an electronic copy** of the application that you are submitting.
- **DO NOT** place applications in binders or folders to mail to OVP. Applications and attachments must be submitted via e-mail.
- **DO NOT** use a font size smaller than 10 points.

- **DO NOT** attempt to exceed the space provided for your responses.
- **DO NOT alter the application or table formats.**
- Plan ahead. Calendar the preparation activities and perform them ahead of the deadline.
- Proof-read, then get a second reader to check the content and logical flow. Don't forget to use spell check. Remember to have a person, other than the writer of the grant, review the application. Do not wait until the last minute to complete your application, as late applications will not be accepted.

Program Information

1. Program Overview

The purpose of the Housing for Crime Victims Special Project will be to create or enhance a crime-victim housing program that will first focus on helping victims increase access to, and retain safe, long-term housing and then provide tailored supportive services. Examples of supportive services include transportation assistance and temporary rental assistance. Proposed projects must incorporate flexible, survivor-centered mobile advocacy for victims and their children and financial assistance that addresses victims' unique and evolving safety needs, and allows them to choose how to best rebuild their lives.

2. Project Service Components

a. Survivor-Driven Mobile Advocacy

Projects should be designed to provide advocacy that focuses on addressing the needs identified by victims of crime and tailor services to meet their unique needs. Projects must be able to help address a range of service needs, be mobile (go where victims need them), and meet victims where it is safe and convenient.

Mobile Advocates literally meet survivors where they are, which can eliminate barriers such as, transportation and childcare, and takes the burden off the survivor to get to the advocate. The survivors have a say in how and where the contacts will take place (e.g. home visits, coffee shop, etc) and advocates along with survivors can safety plan to determine where meetings will occur. Mobile advocates can also accompany survivors to meetings and appointments such as, assisting survivors with the housing application process.

Mobile Advocacy means working flexibly and in the community with survivors. Survivors lead the process, choose their own goals, and define what is going to be safer for themselves. Advocates focus on the survivor, not the crime. Mobile advocates have skills, supervision, and technology to support working safely out in the community. Mobile advocates have the knowledge and skills to assist survivors in navigating other support systems, and look at the strengths of a survivor's culture and community to help them become safer and rebuild connections. Accessibility and effectiveness of services can be enhanced when they are available in community and home settings. Mobile advocacy has also been shown to increase access to services for traditionally underserved communities and will assist in program outreach efforts.¹

Depending on the situation, victims will have different levels of need and therefore benefit from different types or degrees of support services. A low level of need may include paying one month

¹ Washington State Coalition Against Domestic Violence: Domestic Violence Housing First Definitions

of rent, utilities, or moving expenses. A medium level of need may include those identified under the low level, as well as, connecting clients with other services (support groups or counseling, etc.). A high level of need would include the low and medium levels, as well as, long-term planning with an advocate to obtain long-term housing, improve victims' financial situation, etc.

b. Housing Assistance

Projects must assist victims with accessing safe and stable housing and/or maintaining their current housing. Projects must meet with victims to determine what their housing needs are and present a range of options to help make the housing process more manageable. This can include accompanying victims to housing appointments, acting as a liaison with landlords, and negotiating leases and utilizing financial assistance to pay for rent, deposits, or other VOCA-eligible housing needs.

A focus on housing assistance and stability means that advocates will work to address housing needs first and then work with survivors on stability and safety. Projects will work to strengthen relationships with housing authorities, community programs, and landlords who have different housing options for survivors.

c. Supportive Services

Projects must offer supportive services related to the recipients' victimization, while victims participate in the Housing for Crime Victims Special Project. Supportive services may include, securing employment, legal assistance, transportation, counseling, childcare services, case management, and other assistance as appropriate and VOCA-eligible. **Please note that victims cannot be required to participate in supportive services in order to have access to housing. Projects may not impose restrictive conditions in order for victims to receive services.**

d. Community Engagement

Projects must work to identify and collaborate with potential local housing stakeholders and community partners. Projects will coordinate with and provide outreach to landlords and housing authorities, many of whom may view victims as high-risk tenants. In addition, projects must also have the ability to provide outreach and education and to collaborate with key stakeholders such as city government, housing councils, and other homeless/housing programs regarding the dynamics of violence and victimization and victims' needs for safety. Projects must develop relationships with other entities to assist victims (i.e. legal assistance providers, law enforcement, employment agencies, Child Protective Services, etc.).

Community engagement means that advocates working in the community to build lasting connections with the goal of engaging community members in supporting survivors' safety, independence, and housing stability. Advocates proactively cultivate relationships with community members such as car mechanics, small businesses, community colleges, law enforcement, and employers. Advocates are encouraged to spend work time connecting with people and organizations in the community and help them find ways to support survivors. Because advocates are out in the community doing mobile advocacy, it is easier for them to connect with community members. Advocates attend community events in order to represent survivors' interests in community conversations, and help people in the community become aware that there are more services for survivors.²

² Washington State Coalition Against Domestic Violence: Domestic Violence Housing First Definitions.

e. Financial Assistance

Projects must work with victims to identify and understand what their financial needs are and provide practical, temporary funding assistance to address those needs so that housing stability and financial stability are achievable. VOCA allows for providing financial assistance to address needs created by the victimization. Examples of VOCA-allowable financial assistance include emergency food, shelter, clothing, transportation, traditional, cultural and/or alternative therapy/healing, civil legal assistance, and relocation assistance (examples include moving expenses, security deposits on housing, rental assistance, and utility startup). Projects need to establish a working understanding and relationship with their local Victim Compensation Administrator, as VOCA funds cannot be used for expenses that would otherwise be eligible through their local Victim Compensation Board. Assistance with applying for these benefits for victims who are eligible is also required.

Projects should also work to assist victims in taking care of other financial needs that are not supported by VOCA (examples include repairing a victim's vehicle, school supplies, uniforms, mortgage assistance, rental application fees, employment training and permits required for employment), either through other funding or by working with other agencies that can provide the assistance.³

f. Low- Barrier

All of these core components and entry into services should be low-barrier. The aim of low-barrier is providing victims with access to services with as few barriers and rules as possible, including screening individuals for services. This often means that people in low-barrier housing programs, for example, are not mandated to participate in support services in order to receive assistance. Instead, participants are expected to comply with a standard lease agreement and are provided with optional services and supports that can help them do so successfully. Low-barrier also means that having a disability or other access needs such as language access, should not be a barrier to accessing the same quality services as all other crime victims.

3. Staffing Recommendations:

- When considering the necessary staff to successfully implement this project, one beneficial way is to include a fulltime Housing Coordinator who will be responsible for overseeing the project, outreaching to landlords and housing partners, building community engagement, assisting with the financial process, and assisting and training staff. Do not request 100% of this position if their job description or duties includes any ineligible activities (i.e. fundraising, lobbying, etc.) Partial support of victim advocates can be requested to conduct mobile advocacy and housing stability support for the crime victims served under this project.
- We encourage you to have conversations with the current advocates that you may be asking to implement this project and consider who might be the best fit for the project. Training and technical assistance will be available for funded projects through CCADV's Housing Program Coordinator.
- It is recommended that advocates utilizing these long-term housing approaches only carry a caseload of 10-15 families at a time in order to provide the in-depth support

³ California Governors' Office of Emergency Services, Criminal Justice/Emergency Management & Victim Services Branch: Domestic Violence Housing First (XD) Program Request for Proposals (2016).

needed for these types of approaches to be successful. These approaches are more about quality over quantity of victims served.

- A small percentage of administrative and supervisory support can be funded under VOCA as long as such staff are necessary and help to effectively facilitate the provision of direct services to crime victims.

Application Instructions

1) APPLICANT AGENCY: (Complete *every* field.)**FEIN NUMBER:**

Federal Employer Identification Number (FEIN) is a nine-digit number used by your finance department for filing and paying various withholding and social security taxes to the Internal Revenue Service (IRS). It is also referred to as a Tax Identification Number (TIN).

DUNS NUMBER:

A DUNS (Data Universal Numbering System) number is a unique nine-digit sequence recognized as the universal standard for identifying and keeping track of entities receiving Federal funds. All potential grant applicants must obtain a DUNS number. The identifier is used for tracking purposes and to validate address and point of contact information for federal assistance applicants, recipients, and subrecipients (grantee). You should check to see if your agency already has a DUNS number. If not, your agency may obtain a DUNS number by calling 1-866-705-5711 or by applying online at www.dnb.com/us/. Obtaining a DUNS number is a free, simple, one-time process.

SAM EXPIRATION DATE:

In addition to the DUNS number requirement, all applicants applying for these funds must have a current System for Award Management (SAM) registration (formerly CCR). SAM combines the federal procurement systems and the Catalog of Federal Domestic Assistance and serves as the federal repository for information required under the Transparency Act. More information may be found at <http://www.sam.gov>.

2) PROJECT DIRECTOR: (Complete *every* field.)

This is the person who will be responsible for implementation of the project, if funded, and is the person we will contact if we have questions about your grant application. Notifications regarding this grant application will be made by email; therefore, an email address is mandatory. It is the applicant's responsibility to keep the email address updated with OVP.

3) TOTAL OVP FUNDS REQUESTED:

This amount should match the "Total OVP funds" field from Table 12G on the bottom of page 18 of the application.

4) TYPE OF AGENCY/PROJECT(s):

In Section A, check your agency type. The response to Section B has already been made for you, as only victim services projects are eligible for these funds.

5) AGENCY DESCRIPTION AND HISTORY:

Briefly describe the purpose of the agency, the mission statement, the year of establishment, the types of clients currently being served, the total number of clients your agency served in 2016, the specific services provided to clients (especially those related to housing for crime victims), your agency's area of expertise in regards to the proposed activities, and your agency's organizational capability to manage the grant.

6) DESCRIPTION OF PROJECT(s) FOR WHICH FUNDS ARE BEING REQUESTED:

This is your opportunity to explain in a clear and succinct way the project(s), staff and the specific services you are planning on providing with these funds. The project's goals and objectives and the budget request should support the activities that are described in this section. ***Describe only that part of your program for which you are requesting funding.*** In many cases, the project is not the entire victim assistance program for your agency. That being said, only projects that specifically address and serve crime victims are eligible for funding through this project. All services supported through this project must be linked to the recipients' victimization and well justified.

The purpose of the Housing for Crime Victims Special Project will be to create or expand upon a crime-victim housing program that will first focus on helping victims increase access to, and retain safe, long-term housing and then provide tailored supportive services. Examples of supportive services include transportation assistance and temporary rental assistance. Proposed projects must incorporate flexible, survivor-driven mobile advocacy for victims and their children and financial assistance that addresses victims unique and evolving safety needs, and allows them to choose how to best rebuild their lives.

The project description must include components of survivor-driven mobile advocacy, financial assistance, supportive services, and community engagement. Project design and activities should aim to meet the following criteria:

- Understanding of applicant community demographics and the unique needs of crime victims that are served.
- Commitment to implementing the Project Service Components (listed on pgs. 6-8).
- Willingness to be creative and to "think outside the box" in both service delivery and adjustments to agency culture shifts as appropriate.
- Commitment to fostering of existing and new community relationships that facilitate access to and maintenance of housing for survivors.
- Willingness to participate in a learning community through meetings, phone conversations, training, technical assistance, networking and systems advocacy activities coordinated by CCADV.
- Willingness to participate in the evaluation process.

7) PROVIDE A STATEMENT OF NEED FOR THE PROPOSED ACTIVITIES IN YOUR COMMUNITY (PROBLEM STATEMENT):

Please focus on your unique community and why this housing project is needed. You may include local information such as crime problems, crime statistics, underserved populations, estimated number of victims in need of the housing services proposed, the number of clients accessing current housing services, the number of clients your agency refers for housing, community culture, and barriers. Describe the extent of your service area if your project is in more than one community. If you are requesting funds for a new housing project, identify the other agencies in your community that are in agreement that this is a needed service.

If you are requesting funds for a new program, please explain how your organization is currently serving crime victims and the need for this new program. Applicants should also discuss whether or not similar programs already exist in their service delivery area and if so, how this new program will not duplicate existing services.

Helpful Information Regarding Statements of Need (Problem Statement):
<ul style="list-style-type: none">• The statement of need, or problem statement, should describe the problem, or the gap in services that is to be addressed. It should be specific and include some statistics that demonstrate the need.

- Information provided should make a logical connection between your organization and the problem. Explain why your agency can address the problem. Two to three strong, concise paragraphs should be sufficient. This section does **not** refer to a national or global problem, nor does it refer to the internal needs of your organization such as "lack of money." Rather, it refers to a community problem/need in your service area.

8) ANNUAL PROJECT DATA:

All project data should be provided for a 20-month period (5/1/17-12/31/18). Your estimated numbers for all project data should be proportionate to the percentage of Full-time Equivalent (FTE) that will be supported by grant funds.

Table 8A –Types of Crime:

Provide only the number of victims who will receive services from grant-funded personnel during the 20-month grant period. You can count multiple victimizations per victim for this table, if your data tracking system is able to track this information. If not, you should count just one victimization per victim. You should count both primary and secondary victims in this table.

- A primary victim is the individual against whom the crime is committed. The crime does not have to be reported to police, proceed to charges, or result in a guilty verdict for the victim to be considered a victim of crime. It is the act itself that defines a victim.
- A secondary victim is an individual who is not the primary victim, but is an individual impacted by the crime who receives services. Examples of secondary victims are immediate family members of a child or adult victim of sexual abuse and immediate family members of a homicide victim. A secondary victim may also be someone who witnessed a crime but was not directly victimized. This may include, for example, a friend who was present when a person was assaulted, or a customer in a bank during a robbery.
- Other crime victims: There is an "other" category for you to include crimes in which there has been an identified victim but the crime type is not listed in the table. Because the list of crime types has been greatly expanded, the "other" category should rarely be used.

8B –Total Unduplicated Victims Estimated to be Served:

Estimate the number of victims to be served by the grant funded project during the grant period (5/1/17-12/31/18). Provide only the number of victims who will receive services from the requested grant personnel, not all victims to be served by your organization. This is the total number of individual victims to receive services through this project, not the total number of types of victimizations. The total number should include primary and secondary victims.

Table 8C –Types of Service:

Estimate the number of victims who will receive each type of service during the grant period (5/1/17-12/31/18). An individual service category cannot exceed the total number of victims reported in 8B, however, each service listed below the individual Type of Services can exceed this number as this is a count of contacts. For example: *Applicant enters that 300 crime victims will be served by this project during the grant period in 8B. In Table 8C, Applicant enters 300 victims will receive Information and Referral Service. Under this Type of Service, the Applicant estimates that these 300 victims will receive 450 contacts of referrals to other victim services*

programs. This is because the same victim may receive this service or “contact” more than once during the grant period.

Table 8C)

NOTE: No Type of Service can exceed the TOTAL NUMBER OF VICTIMS in Table 9A; but all estimated contacts should be counted under each subset.

Est. # Victims	Type of Services	Est. # Victims	Type of Services (Continued)
300	Information & Referral (Type of Services)		On-scene crisis response (contacts)
	Information about the criminal justice process (contacts)		Therapy (including alternative healing, art, play, etc.) (contacts)
	Information about victim rights, how to obtain notifications, etc. (contacts)		Support groups (facilitated or peer) (contacts)
450	Referral to other victim service programs (contacts)		Emergency financial assistance (includes petty cash, payment for food/clothing, taxis, meds, durable medical equipment) (contacts)
	Referral to other services, supports & resources (legal, medical, faith-based, address		Shelter/Housing Services (Type of Service)

Helpful Information Regarding How to Estimate Numbers of Victims and Services

- **Tables 8A and 8C** – For example, if you are requesting funds to support 50% of the full-time salary of a direct service victim advocate who will serve a total of 100 victims during the grant year, your estimated number of victims to be served by the grant-funded personnel would be 50% of 100, or 50 victims. You would estimate how many of those 50 will be victims of which type(s) of crimes in Table A. In Table C, you would estimate how many of those 50 victims would receive which type(s) of services and the number of “contacts” for this service.

9A) VICTIM COMPENSATION:

Choose YES or NO. Please note, your agency must assist victims with accessing victim compensation. Assistance includes everything from providing an application along with a referral to the victim compensation program in your judicial district to helping victims gather the necessary supporting documents for the application.

9B) VOLUNTEERS:

Choose YES or NO. Please note, your agency must use volunteers in some capacity. Indicate YES if your agency uses volunteers, even if the volunteers are not used as match for this grant.

10) UNDERSERVED POPULATIONS:

All applicants should be able to identify the underserved population(s) and demonstrate the capacity to provide services to those populations in their communities.

Underserved/Underrepresented populations are defined as individuals who by virtue of language, ethnicity, race, culture, disability, age, sexual orientation, or geographic location may require special accommodations in order to access services. Good sources for this type of data are local census statistics and school district demographic data.

Applicants should use this section to explain how their project will address barriers to services. Entry into services should be low-barrier. The aim of low-barrier is providing access to services with as few barriers and rules as possible, including screening individuals for services. This often means that people in low-barrier housing programs, for example, are not mandated to participate in support services in order to receive assistance. Instead, participants are expected to comply with a standard lease agreement and are provided with optional services and supports that can

help them do so successfully. Low-barrier also means that having a disability or other access needs such as language access, should not be a barrier to accessing the same quality services as all other crime victims.

Projects also need a component of Mobile Advocacy as mentioned above. Mobile Advocates literally meet survivors where they are, which can eliminate transportation barriers and takes the burden off the survivor to get to the advocate. Mobile Advocacy has also been shown to increase access to services for traditionally underserved communities and will assist in program outreach efforts.

11) GOALS AND OBJECTIVES – PROJECT SPECIFIC IMPACT:

Section 11A –Goals and Objectives:

To improve our ability to evaluate this project as a whole, we are asking all projects to use the same Goal 1 in their application. Although every applicant's Goal 1 will be the same (and is prepopulated within the application), applicants will create their own unique objectives to achieve this goal, based on their project design. We have also provided examples of appropriate objectives in the example below for applicants to reference as they create their own objectives for this goal and the remaining goals.

Whenever possible, your goals and objectives should be structured in a similar fashion to the samples provided below. **Goals** should be broad statements describing what you intend to accomplish with grant funds. Goals should be limited to a maximum of 3, with no more than 3 objectives for each goal. **Objectives** must be specific and measurable, and should answer the questions "What? Who? By when? How many? For whom? How?" Objectives should be related to the personnel position(s) and corresponding Position #'s and/or the Professional Services/ Consultants position(s) requested in your Total 20-Month Budget on pages 13-18 of the application.

Section 11A – Goals and Objectives Examples

Housing for Crime Victims Special Project---Sample Goals and Objectives

- **Goal 1:** Our program will assist crime victims in meeting their long-term housing needs during the grant period (***This goal is REQUIRED, but objectives listed below are only examples.***)
- **Objective 1:** Our Housing Coordinator will facilitate 10 collaborative meetings with housing stakeholders and partners in the community during the grant period.
- **Objective 2:** 75% of crime victims assisted by the housing program reported feeling more safe and stable as a result.
- **Objective 3:** 75% of crime victims assisted by the housing program will have retained their housing by the end of the grant period

Section 11B –Goals and Objectives – Project Specific Impact:

- 1) For the project as a whole or by listing each goal, whichever is more appropriate to your project, indicate the **intended impact** of the grant-funded activities. **Impact data** should answer the following questions – "What will these grant funds allow you to accomplish that you couldn't accomplish without them, What benefits will result from the following activities, and How will you demonstrate that the funded activities have made a difference?"
- 2) State specifically the methods you will use to collect the impact data.

Project Specific Impact Example:

- **Sample Goal:** Our program will assist crime victims in meeting their long-term housing needs during the grant period.
- **Sample Intended Impact:**
- Victims reported they had increased knowledge of and ability to access long-term housing options and support services; and
- Victims' stated long-term housing needs are being met.
- **Sample Impact Data Collection Methods:**
- Client survey
- Staff documented observation of the client's ability to access resources; and
- Staff notes regarding the client's expressed needs upon intake and records of referrals made and services offered to meet needs.

12) TOTAL 20-MONTH BUDGET – MAY 1, 2017-DECEMBER 31, 2018: DO NOT INCLUDE MATCHING FUNDS IN THIS SECTION (MATCHING FUNDS ARE TO BE ENTERED IN #13 OF THE APPLICATION).

The total 20-month budget is divided into 6 budget categories: Personnel, Supplies and Operating, Travel, Equipment, Professional Services/Consultants, and Indirect Costs. The following is a description of what to include in each category. **All figures should be reported in whole dollars. Round up to the nearest dollar if the cents is \$.50 or more.** Only include personnel/items for which you are requesting grant funds.

NOTE: Total "Amount requested from OVP" plus the "Amount from all other sources for this position" **must** equal the "20-month Budget" line for each position or item requested. If the amounts do not equal, there is an error and you must correct your dollar figures.

In the Budget Justification boxes, you must fully explain and justify the need for your request. This justification shall include the following for each expense for which you are requesting funding:

- 1) Describe the need for the position or item;
- 2) Describe the relationship between each position or item and the project goals and objectives; and
- 3) Show the calculations for each item requested.

Enter Agency Name: Input your agency name in the field above the Personnel Request budget table.

Section 12A – Personnel Request:

For **each** position being requested list the title, name of the employee (if available), and total # of hours per week this **position works for the agency**. This includes hours paid by your agency from all sources of funding, not only OVP funds being requested. The "20-month Budget" amount is the actual amount, not a full-time (FTE) equivalent, if the person is part-time.

List each staff person as a separate position, even if you are requesting funds for two staff members with the same title. This includes positions in which two people job share the position.

- **Salary:** List **total 20-month salary** for this position in the "20-month Budget" column. To calculate a position's 20-month salary, divide their annual salary by 12, and then multiply this amount by 20. List how much of the 20-month salary is being requested from OVP in the

“Amount Requested from OVP” column. Lastly, calculate the percentage of salary being requested in relation to the total salary.

- **Fringe/benefits: *You are not required to request fringe/benefits.*** If you decide to do so, indicate the total 20-month costs of these benefits (i.e., employer’s share of FICA, health insurance, retirement, workers’ compensation, short / long term disability, etc.) for each position in “20-month Budget” column. Then list the 20-month amount your agency is requesting from OVP for fringe/benefits in the “Amount Requested from OVP” column. Lastly, calculate the percentage of fringe being requested in relation to the overall fringe expense. You may not request a higher percentage of benefits than the percentage of salary being requested. For example, if you request OVP to fund 50% of a position’s salary, then the maximum you can request is 50% of the position’s fringe benefits. (If fringe benefits are approved, you will be required to separately track the fringe benefits paid with OVP dollars in your accounting system). To calculate a position’s 20-month fringe/benefits, divide their annual fringe/benefits amount by 12, and then multiply this amount by 20.
- **Amount from all other sources for this position:**
 - **List sources:** List the specific name of ***all*** funding sources that contribute to the salary and fringe/benefits for each position (i.e., local VALE including the Judicial District, County funds, fundraising, private donations, etc.).
 - **Total from all other sources:** List the combined dollar amount of all other funding sources listed above that contributes to each position. NOTE: Total “Amount requested from OVP” plus the “Amount from all other sources for this position” ***must*** equal the “20-month Budget” line for each position or item requested. If the amounts do not equal, there is an error and you must correct your dollar figures.

Complete this same process for each position that you are requesting OVP funds. We encourage you to limit your request to a maximum of four positions.

Note: When considering the necessary staff to successfully implement this project, one beneficial way is to include a fulltime Housing Coordinator who will be responsible for overseeing the project, outreaching to landlords and housing partners, building community engagement, assisting with the financial process, and assisting and training staff. Victim Advocates can then be supported to conduct mobile advocacy and housing stability support for the crime victims served under this project.

Example:

Position 1:	Title: Housing Coordinator Name: Mary Smith Total # hours per week this position works for the agency (max = 40 hrs): 40			
	20-month Budget	Amount requested from OVP	Percentage of Total Salary Requested	Amount from all other sources for this position
Salary	\$ 75,000	\$ 71,250	95%	List Sources: 2nd JD Local VALE, County Funds, Donations
Fringe/Benefit	\$ 12,000	\$ 11,400	95%	
Totals:	\$ 87,000	\$ 82,650		Total from all other sources: \$ 4,350

Position 2:	Title: Executive Director Name: Janet Hall Total # hours per week this position works for the agency (max = 40 hrs): 40			
	20-month Budget	Amount requested from OVP	Percentage of Total Salary Requested	Amount from all other sources for this position
Salary	\$ 100,000	\$ 10,000	10%	List Sources: 2nd JD Local VALE, TANF, Fundraising, Donations
Fringe/Benefit	\$ 16,000	\$ 1,600	10%	
Totals:	\$ 116,000	\$ 11,600		Total from all other sources: \$ 104,400

		TOTAL OVP Personnel Funds Requested: \$ 94,250
--	--	---

Personnel Funds Justification:

You must complete the PERSONNEL funds justification box on page 14 of the application. In this section, you must fully explain and justify the need for each personnel funds request, ***indicating whether this is a new or existing position.***

Example:

- **Position #1:** Housing Coordinator coordinates and oversees the implementation of the Housing for Crime Victims Special Project. This includes: landlord outreach and engagement, community engagement and collaboration with housing stakeholders, coordinating financial assistance and agreements with partners, and providing mobile advocacy to crime victims. The Housing Coordinator will have coordination duties with some direct service and mobile advocacy. The Coordinator will also train and assist other advocates to provide mobile advocacy to crime victims. The person in this position works a total of 40 hours per week for the agency so this request is for 95% of his/her 40-hour position. This is a new position.
 - **Salary:** 20-month salary of \$75,000 x 95% OVP= \$71,250. The remaining 5% of this position's time will be supported by other funding sources.
 - **Benefits:** 20-month benefits include Health (\$5,512), Worker's Comp. (\$250) Unemployment (\$500), and employer portion of FICA @ .0765 = \$5,738; Total 20-month benefit amount of \$12,000 x 95% OVP = \$11,400.
- **Position #2:** The Executive Director is expected to spend 10% of their time providing oversight of the Housing Program and supervision of the Housing Coordinator, and will be involved in the achievement of Goal #3. This is a continuing position previously funded by general operating/private funds.
 - **Salary:** 20-month salary of \$100,000 x 10% OVP = \$10,000.

- **20-month Benefits:** 20-month benefits include Health (\$7,100), Worker's Comp. (\$500), Unemployment (\$750), and employer portion of FICA @ .0765 = \$7,650. Total 20-month benefit amount of \$16,000 x 10% = \$1,600.

Section 12B – Supplies and Operating Expenses:

All supplies and operating requests must be specific, itemized costs related to the project and cost less than \$5,000 per item. List items by major type (e.g., office supplies, computer software, registration fees for training/conferences, copy costs, rent, phone, postage, etc.) List the total 20-month agency cost of each item in the “20-month Amount” column, and then list the 20-month amount being requested from OVP in the “Amount Requested from OVP” column.

List the combined dollar amount of all other funding sources that contribute to each listed expense in the “Amount Available/Anticipated from Other Sources” column. See example below:

List Requested Operating Expenses	20-month Amount	Amount Requested from OVP	Amount Available/Anticipated from Other Sources
Training registration fees for 2 victim advocates: \$160x2 = \$320	\$ 320	\$ 320	\$ 0
Cell Phone for on-call victim advocate: \$35/mo x 20 mos. = \$700 x 50%	\$ 700	\$ 350	\$ 350
Rent for Victim Advocate work space: @ \$5 per sq. ft. = \$5 x 150 sq. ft. x 20mos. = \$15,000 a year x 50%	\$ 15,000	\$7,500	\$ 7,500
Total OVP Supplies & Operating Funds Requested:		\$ 8,170	

Supplies & Operating Justification:

In this section, you must fully explain and justify the need for your Supplies & Operating funds request. Demonstrate how the costs were determined and **justify** the need for each specific line item. **Be sure to show the basis for computation if not already provided above.** Generally, supplies and operating requests such as rent and phone will correlate with the percentage of grant-funded activities (personnel). If the request exceeds the personnel percentage request, please provide a detailed explanation.

Example:

- **Training:** Two victim advocates will be attending the XYZ training. Attending this conference will provide an opportunity to network with people from other agencies and learn new aspects of the victim assistance field.
- **Cell Phone Request:** The request is for a cell phone service for the bi-lingual victim advocate. The request above demonstrates how the costs were determined. 50% of the Victim Advocate's time will be providing services to victims; therefore, the request is for 50% of the phone costs.
- **Rent:** Our request is for 50% of the 20-month cost.

Section 12C –Travel:

Itemize travel expenses of project personnel by purpose (e.g., to attend training sessions, to transport clients, to attend conferences, etc.). Show mileage, lodging and meals separately. Tuition and registration fees should be listed as **supplies & operating expenses, not travel expenses**.

List the total 20-month agency cost of each item in the “Annual Amount” column (if applicable), and then list the 20-month amount being requested from OVP in the “Amount Requested from OVP” column.

List the combined dollar amount of all other funding sources that contribute to each listed expense in the “Amount Available/Anticipated from Other Sources” column.

Projects are **strongly encouraged** to budget to attend the Colorado Advocacy in Action Conference (CAIA) 2017⁴ in Vail, Colorado. Staff funded through this project will be asked to participate in a project orientation during the conference (participation is required and strongly encouraged to be in-person, with exceptions made in rare cases).

- CAIA Dates: June 12th-14th, 2017
 - A Housing Project training is tentatively planned to occur on June 11th, 2017 prior to the conference. Projects are strongly encouraged to include expenses associated with attending the full-day training on June 11th.
- Registration fee per person: \$200-\$375 depending on membership and when registration occurs
- Average lodging per night: \$164
- Mileage: \$.48 per mile for use of personal vehicle (unless agency has written, established mileage reimbursement rates)
- Per Diem (meals): \$74 (Vail, CO rate)

For more information: www.coloradoadvocacy.org

If your agency has an established written travel policy, then those per diem and mileage rates should be used. If not, State travel rates should be used for in-state travel (state travel rates can be found here: <https://www.colorado.gov/pacific/osc/mileage-reimbursement-rate> and https://www.colorado.gov/pacific/sites/default/files/Appendix_A1_10-1-2016.pdf).

Out-of-State travel will be considered if deemed appropriate (whether a comparable training is available in state will be a factor).

Example:

Itemized Request (Transportation, Per Diem, etc.)	20-month Amount	Amount Requested from OVP	Amount Available/ Anticipated from Other Sources
Lodging @ XYZ Training for 2 Volunteer Victim Advocates	\$ 480	\$ 240	\$ 240
Mileage to attend the XYZ Training for 2 Volunteer Victim Advocates	\$ 50	\$ 50	\$ 0

⁴ Because this funding opportunity covers a 20-month period, funding can be requested to send Housing Project staff to the CAIA conference in June 2017 and June 2018. In addition, other conferences and training that are tied to the project activities and well-justified can also be requested.

Per Diem to attend XYZ Training for 2 Volunteer Victim Advocates	\$ 336	\$ 336	\$ 0
Mileage for Victim Advocates to accompany victims of domestic violence to court	\$ 800	\$ 400	\$ 400
Total Travel Funds Requested:		\$ 1,026	

Travel Justification:

Explain the costs being requested from this grant application and explain the relationship of each line item to the project (e.g., if training or conference expenses are requested, explain the topic of the conference and its relationship to the project and the staff/volunteers who will attend). ***Be sure to show the basis for computation if not already provided above.***

Example:

- Travel expenses have been calculated per our agency's written travel policy. Attendance at the XYZ Training allows the Victim Advocates to learn about best practices in working with domestic violence victims. Without the support of grant funds they would not be able to attend. This training is for 2 nights, 3 days in Breckenridge, CO at \$120 per night per person. $2 \times 120 \times 2 \text{ nights} = \480 .
- Mileage reflects the two advocates traveling in one vehicle: 100 miles roundtrip @ \$.50 per mile = \$50.
- Per diem for two advocates for 3 days @ \$56 per day = $3 \times 56 \times 2 = \$336$.
- Mileage is for the grant period and is for advocates to support and assist victims in court. Approximately 400 miles during the 20-month grant period to four counties within the Judicial District: $400 \times 4 \times \$.50 = \800 . (We are requesting OVP to fund 50% of the mileage costs).

Section 12D –Equipment:

"Equipment" is defined as a durable, single item costing \$5,000 or more with a useful life of over one year. Funds may only be used for equipment deemed essential in the proposed project/services as allowable. If requested and approved, additional forms will be required prior to purchase.

Section 12E –Professional Services/Consultants:

List consultants or independent contractors who will provide services under the grant. List each consultant or type of service, the proposed hourly fee, and the amount of time to be spent on such services.

Example:

Professional Services / Consultants	Total Hourly Rate of Pay	# of Hours to be Worked on This Project	Amount Requested from OVP
2 Contractual clinicians providing individual counseling	\$ 50	200 Hrs	\$ 10,000
	\$	Hrs	\$
	\$	Hrs	\$
Total OVP Professional Services / Consultants Funds Requested:			\$ 10,000

Professional Services/Consultants Justification:

Professional services should be procured competitively using your agency's procurement policy. **Sole source contracts must be justified** and are subject to prior approval by the OVP. Sole source is procurement through the solicitation of a proposal from only one source or after solicitation of a number of vendors when competition is determined inadequate.

For all Professional Services/Consultants expenditures in any amount, a completed DCJ Form 16 Consultants/Contracts Certification (requires pre-approval) and copy of the proposed contract or Statement of Work are required. Whenever possible, Supplies and Operating purchases and Equipment purchases should be separated from the costs of installation; installation costs should be included in the Professional Services/Consultants category.

Generally, a consultant is an independent contractor or an outside professional who offers his/her contracted services to the public at large, who controls his/her own work, does not require training, pays his/her own taxes, and has his/her own liability and worker's compensation insurance.

In this section, you must fully explain and justify both the need for these services and the rate of pay if not provided above. List the consultant or type of service, the proposed hourly fee, and the amount of time to be spent on such services. Rates for professional services should not exceed \$81.25 per hour (this rate is set by Federal regulations) or \$650 per eight-hour day. (If a higher rate is requested, a justification must be provided in the budget narrative. Approval by the OVP of rates in excess of these amounts is required prior to implementation of the contract.) Explain why agency employees cannot provide the proposed consultant and/or independent contractor services.

If you are hiring a contractor to complete a project such as the one listed in the example below, include all of the relevant information such as cost for the project, scope of work, and how you will be choosing a vendor. You must follow your agency's procurement process. For more detailed information on procurement of services and goods, please see the 2015 DOJ Grants Financial Guide, Section 3.8 (http://ojp.gov/financialguide/DOJ/pdfs/2015_DOJ_FinancialGuide.pdf).

Example:

Our agency currently has only 2 dedicated staff members to provide crisis intervention/advocacy services to our clients. To meet the needs of over 300 clients to be served annually, we feel the need to make available additional individual counseling services to non-reporting domestic violence victims. We have surveyed local clinicians and the rate of \$50 is reasonable given the level of clinical expertise needed to serve the special needs of this population. As stated in our goals and objectives we estimate that of the 300 clients seen, 200 individual counseling sessions will be needed for approximately 104 victims.

Section 12F –Indirect Costs:

Federal Financial Guidelines allow applicants to request indirect costs as a part of their grant budget. Agencies that have an Approved Federal Indirect Cost Rate can use this rate; if your agency does not have an approved rate you may request a percentage of your grant request for indirect costs (See below for the percentage). Indirect costs are costs of an organization that are not readily assignable to a particular project, but are necessary to the operation of the organization and the performance of the project. Examples of costs usually treated as indirect include those incurred for facility operation and maintenance, depreciation, and administrative salaries.

There are two ways to calculate an indirect cost rate:

- 1) The agency has a federally negotiated cost rate with a federal agency because the grantee already receives funds directly from a federal agency. This negotiated cost rate will be honored.
- 2) Grantees who have NEVER had a federally approved indirect cost rate agreement may use a de minimus rate of 10% of the Modified Total Direct Cost, or MTDC. The MTDC includes all direct salaries and wages, applicable fringe benefits, materials and supplies, travel, and professional services/consultant contracts up to the first \$25,000 of each professional services/consultant contract (regardless of the period of performance of the awards under the professional services/consultant contract). MTDC excludes equipment, capital expenditures, rental costs, tuition, scholarships, participant support costs, and the portion of each professional services/consultant contract in excess of \$25,000. **If you intend to use the 10% de minimus rate for indirect costs please complete the certification form available on our website.**

<http://dcj.ovp.state.co.us/>, under *OVP Grant Programs*.

Example: Using the De Minimis Indirect Rate in a Budget:

Personnel/Fringe: \$69,750 (Staff Salary)

Supplies: \$8,170

Travel: \$1,026

Equipment: \$0

Professional Services/Consultants: \$10,000

Total Direct Costs: \$88,946

Calculation for Modified Total Direct Costs (MTDC):

\$88,946 (total direct costs)

Indirect cost is 10% of the total MTDC: $\$88,946 \times 10\% = \$8,895$

Total Project Amount: \$88,946 total direct costs + \$8,895 indirect costs = \$97,841

For more information please refer to *2CFR200: Uniform Administrative Requirements, Cost Principles and Audit Requirements (Uniform Guidance)*.

Section 12G –Grant Request Summary:

This chart summarizes all OVP FUNDS REQUESTED from each budget category.

Budget Categories	OVP Grant Request
Personnel	\$ 69,750
Supplies & Operating	\$ 8,170
Travel	\$ 1,026
Equipment	\$ 0
Professional Services / Consultants	\$ 10,000
Indirect Costs	\$ 8,895
Total OVP Funds Requested:	\$ 97,841

13) MATCH:

For purposes of this application, demonstrate the ability to provide match, which will be used for project-related activities. All applicants are required to provide 20% match. To calculate the match, simply divide the Total OVP Funds Requested by 4.

Example:

- \$97,841 divided by 4 = \$24,460.25. **Round up to the nearest dollar if the cents is \$.50 or more.** In this example, \$24,460 will be the amount of your match. **Remember** – you cannot use any federal funds as match on your OVP grant.

Type of Match: Match may be provided in cash or as an in-kind contribution. Match must be non-federal funds.

Cash Match: A specified amount of **non-federal dollars** budgeted for the funded project in addition to the grant award amount. Any items paid for with dollars are cash match such as personnel expenses.

In-Kind Match: A specified amount of **non-cash contributions** (assigned a dollar value) designated for the funded project in addition to the OVP grant award amount. A good example of in-kind match is unpaid volunteer time that has been assigned a dollar value, based on the agency or market value of the services in your community.

Example:

PERSONNEL MATCH (Employees / volunteers of the applicant agency) Employee / Volunteer / Job Position (Full Time Equivalent)	Cash	In-Kind
Mary Smith / Bilingual Advocate (match will be .125 FTE)	\$ 5,000	\$ 0
24/7 Victim Advocate Volunteers @ \$10 per/hr 1,900 hours	\$ 0	\$ 19,000
	\$	\$
Fringe Benefits	\$	\$
Subtotal	\$ 5,000	\$ 19,000
Source of Match: 2 nd JD Local VALE, County Funds, Donations, Volunteer hours		
SUPPLIES AND OPERATING MATCH (Copying, rent, phone, tuition, registration fees and other items under \$5,000)	Cash	In-Kind
Donated Office Space for volunteers provided by City of Del Norte 100 sq. ft. valued at @ \$15 per sq. ft. = \$1,500 a month (Partial January in-kind rent @ \$460)	\$ 0	\$460
	\$ 0	\$ 0
Subtotal	\$ 0	\$ 460
Source of Match: Donated by City of Del Norte		
OTHER	Cash	In-Kind
Travel Match	\$	\$
Equipment Match	\$	\$

Professional Services/Consultants Match	\$	\$
Indirect Costs	\$	\$
Source of Match:		
TOTAL MATCH:	\$ 5,000	\$19,460

Possible Sources of Match:

- **Cash Match:** For example, Local VALE funds, United Way funds, District Attorney's local budget, annual fund raiser, other non-federal funds used to pay a portion of the supervisor's salary for the grant funded position, the non-grant funded portion of grant project employee's salary, or other non-grant funded portions of the project. ***Federal funds may never be used as match for OVP grants.***
- **In-Kind Match:** For example, volunteer hours valued at a reasonable hourly rate considering the services provided (if using volunteer hours for match, explain how you established your hourly rate for volunteer hours), or office space valued at \$15 per square foot (or market rate in your community) that has been donated to the project.

Helpful Information about Match:

- Federal funds may **never** be used as match for these grants.
- Round **up** to the nearest dollar if the cents is **\$.50 or more**.
- **Do not over-match.** Show only the required amount of match in your project budget. An approved cash or in-kind match for an OVP grant may not be used as match for other grants.
- **Do not under-match.** If you do not indicate in your project budget that you have the resources to adequately match your grant request, your request may be reduced to the amount that you indicate you **can** match.
- Because it is simpler to track, you are encouraged to use either cash **or** in-kind match (not both) whenever possible.
- **You are not required to have match in every budget category for which you request grant funds.**
- Your accounting records must be able to track the exact matching funds, so it is in your best interest to keep the match as simple as possible.
- Match must be provided by the applicant agency. Match cannot be provided by an outside or partnering agency.

14) OVP GRANT BUDGET SUMMARY:

This section should summarize your detailed TOTAL project budget, including OVP grant dollars requested along with the amount and source of your match. The following example is based on all budget categories and match examples provided above. Please cross check your figures with this populated grid.

Budget Categories	OVP Funding Request	Cash Match	In-Kind Match	Totals
Personnel	\$ 69,750	\$ 5,000	\$ 19,000	\$ 93,750

Supplies & Operating	\$ 8,170	\$ 0	\$ 460	\$ 8,630
In-State Travel	\$ 1,026	\$ 0	\$ 0	\$ 1,026
Equipment	\$ 0	\$ 0	\$ 0	\$ 0
Professional Services/Consultants	\$ 10,000	\$ 0	\$ 0	\$ 10,000
Indirect Costs	\$ 8,895	\$ 0	\$ 0	\$ 8,895
TOTALS	\$ 97,841	\$ 5,000	\$ 19,460	\$ 122,301

15) FINANCIAL MANAGEMENT:

In order to be eligible to receive these grant funds, you must be able to demonstrate the ability to comply with financial requirements. Applicants should explain how their organization will manage its cash flow between the time costs are incurred and reimbursed (**costs are reimbursed on a quarterly basis**), as well as other financial capacity questions related to the management of financial assistance for crime victims. Complete this section with the assistance of your agency staff person who is responsible for the accounting of these grant funds.

16) COMMUNITY COORDINATION:

List the three agencies with which your project staff will be coordinating most frequently. Provide agency name, contact information and telephone number. Briefly describe the type of coordination of activities utilized with each agency listed, including if your organizations have an MOU. For example: "The Mountain Resource Center refers domestic violence victims to us and we provide crisis intervention and follow-up services for the victims. We meet monthly with the Mountain Resource Center to enhance communication and improve protocols for serving crime victims." Preferred Housing partnerships under the Housing for Crime Victims Special Project might include, among others, local Public Housing Authority, Housing and Homelessness Programs, Continuum of Care (COC) Program, and landlords. The OVP reserves the right to contact the agencies listed.

17) ATTACHMENTS

The items listed must be included with your application packet, and should be submitted in conjunction with your application via e-mail by the deadline of **3:00p.m. on Tuesday, February 21, 2017**. Your application will be considered incomplete unless all of the items are included.

Attach the following items:

- Overall Agency Budget for 2017
- Job Descriptions for staff that will be paid with requested funds
- Job Descriptions for volunteer staff – *if volunteers are used as match*
- Job Descriptions for match staff – *if paid staff is used as match*
- Secretary of State Certificate of Good Standing – *non-profit agencies only* (www.sos.state.co.us)
- Proof of non-profit status – *non-profit applicants only*
- Sample timesheet currently used by the position(s) for which you are requesting OVP funding
- Sample timesheet currently used by the volunteer staff – *if volunteers are used as match*

- *Audit or Financial Review - the Division of Criminal Justice requires all grantees to submit a current formal financial review or audit report every year. Applicants should submit a copy of their most current audit or financial review with their application unless one was submitted to DCJ within the last year. If unsure as to whether or not your agency has submitted one to DCJ within the last year, please contact Ashley Riley Lopes at ashley.lopes@state.co.us or 303.239.4529.*

APPENDIX

- Organizational Requirements
- Examples of Long-term Housing Models for Survivors
- Sub-Recipient Allowable/Unallowable Costs

ORGANIZATIONAL REQUIREMENTS

Organizational Requirements Include:

- **Capacity:** Applicants must demonstrate that the agency and staff have the ability, expertise, and experience necessary to effectively provide the proposed services and administer the project.
- **Non-Supplanting:** OVP grant funds may *not* be used to supplant or substitute for state and/or local government funds that would otherwise be available for crime victim assistance services. Grant funds are intended to enhance or expand services.
- **Matching Funds:** For purposes of this application, applicants must demonstrate the ability to provide a non-federal match for the requested OVP funds as directed in the *Instructions*. Match must be used for project-related activities.
- **Sound Financial Management:** Each applicant is required to meet federal and state requirements for managing OVP grant funds as they appear in the application. Applicants should be able to demonstrate substantial financial support from other sources for their agencies. Applicants should also be able to manage their cash flow between the time costs are incurred and reimbursed (costs are reimbursed on a quarterly basis).
- **Ability to comply with OVP programmatic and financial reporting requirements.**
- **Crime Victim Compensation:** OVP grant-funded agencies must assure that crime victims are informed about the availability of Crime Victim Compensation.
- **Confidentiality:** OVP grant-funded agencies must comply with applicable confidentiality laws.
- **Colorado Victim Rights Act:** OVP grant-funded agencies must assure that all staff and volunteers have read and understand the Colorado Victim Rights Act and enabling legislation (C.R.S. 24-4.1.301 et seq).
- **Volunteers:** OVP grant-funded agencies must have the ability to use volunteers to provide direct victim services.
- **No Charge to Victims for Crime Victim Services (CVS) Funding:** Grantees must provide services to crime victims, at no charge, through the CVS funded project.

Examples of Long-term Housing Models for Survivors

Domestic Violence Housing First:

This approach focuses on getting survivors of domestic violence into stable housing as quickly as possible, and then providing the necessary support services as they rebuild their lives. The philosophy is low barrier and with focus on housing first versus housing ready. Washington State Coalition Against Domestic Violence started their DVHF program in 2009 and expanded it in 2011 to include more rural areas of the state.

Basic components of DVHF:

- Survivor driven mobile advocacy
- Flexible financial assistance
- Community engagement
- Housing stability

Recent findings:

- 96% of survivors retained their housing 18 months after entering the DVHF program. Flexible financial assistance and services driven by participants' unique needs allowed advocates to help survivors stay in their current home or access other housing, and then retain that housing.
- 84% of survivors surveyed strongly agreed that DVHF increased their safety and the safety of their children. At final follow-up with participants, 76% were receiving minimal services from the DVHF program at a low cost to the agency.

For more information: <http://wscadv.org/projects/domestic-violence-housing-first/>

Volunteers of America Home Free Program

In 1998 Volunteers of America expanded from a shelter to a community outreach approach after a study completed found that only 15% of families surviving domestic violence accessed a hotline or a shelter. Since that time they have found that working in the community has helped them broaden their services to a more diverse group of survivors. Home Free found that two shelter nights for a family of four was nearly equivalent to providing a month's rent for the same family. Currently, the program provides rapid re-housing assistance to 80 to 100 households annually.

Two components of their housing program:

- Emergency Housing:
 - Hotel voucher program (provides 4 times as many families with shelter)
 - Community-based mobile advocacy
- Permanent Housing:
 - Assist to secure permanent housing and to stay there
 - Flexible funding
 - Community-based mobile advocacy
 - Financial subsidy is commonly provided for 6 months to one year

*Also providing supportive services at each stage (e.g. address confidentiality program, court accompaniment, home visits, and support groups for adults and children, etc.) For more information: <http://www.voaor.org/home-free>

Community Advocacy Project (CAP)

The Community Advocacy Project involves providing home-based and community-based advocacy services for survivors of intimate partner abuse. Highly trained paraprofessionals, receiving intensive supervision, work with survivors of domestic abuse (and their children), helping them obtain the community resources and social support they desire. CAP provided some of the earliest evidence for the effectiveness of community-based mobile advocacy.

- Key Components:
 - The orientation to the ‘whole person’
 - Unconditional validation and acceptance
 - Genuinely caring
 - Strengths-based
 - Action orientation
- CAP provided evidence that mobile advocacy leads to:
 - Higher social support
 - Decreased risk of re-abuse
 - Access to needed resources
 - Higher quality of life

Flexible Funding with Brief Advocacy

District Alliance for Safe Housing’s Empowerment Project (DASH) in Washington D.C. has used flexible funding with brief advocacy in housing survivors of domestic violence since 2007. DASH provides a variety of services, including a Survivor Resilience Fund (Flexible Funding Services).

Basic components/questions of flexible funding with brief advocacy:

- Can any other organization provide this resource?
- Will this grant help this person to retain housing, not just today, but over time?
- Process is survivor-driven, accessible, and respectful
- Process is *quick* to respond to urgent situations
- Housing assistance search, time-limited rental assistance
- Home visiting with advocate
- Survivor determines services wanted

Outcomes:

- 95% retention rate at 3 months
- 87% retention rate at 6 months
