Agenda— Please check the home page of our website.

Who should attend:

All workshops are designed for student and staff interaction. Staff might include administrators, mental health professionals, SROs, teachers and support staff. We urge schools to select students recognized as leaders by their peers, not necessarily by the staff. We encourage student teams—middle school thru 11th grader. Come learn together and from each other.

We are looking for a balance between staff and students. We will accommodate 14 people per school, a ratio of 1 adult to 6 students. We also urge you to be sure and have written guardian permission for students to attend. Students are the sole responsibility of district staff during the Summit.

Registration is in the CO Train System at www.CO.train.org. Search for these events by Course ID.
