2017 Staff & Students
School Safety Summit

Through the generosity of the Gay and Lesbian Fund for Colorado of the Gill Foundation, the Colorado School Safety Resource Center is hosting a one-day staff/student summit.

➢ All workshops are designed for student and staff interaction.
➢ Staff might include administrators, mental health professionals, SROs, teachers and support staff.
➢ We urge schools to select students recognized as leaders by their peers, not necessarily by the staff.
➢ We encourage student teams—middle school thru 11th grader. Come learn together and from each other.

- We are looking for a balance between staff and students with a ratio of 1 staff member to every 6 students attending.
- We also urge you to be sure and have written guardian permission for students to attend.
- Students are the sole responsibility of district staff during the Summit so plan to attend the workshops WITH your students.
