Digital Threat Assessment Training

Basic Digital Threat Assessment—Wednesday, September 25th (\$120)

Advanced Digital Threat Assessment—Thursday, September 26th (\$120)

Train-the-Trainer Digital Threat Assessment—Friday, September 27th (\$240)

Location: CSDSIP offices, 6857 South Spruce Street, Centennial, CO

Time: 8:00 AM to 4:00 PM (continental breakfast & lunch provided)

You must bring your laptop!

The clear majority of recent school violence attacks have had precursors leaked online in the form of social media posts. Knowing where, how, and when to look for this critical information is the task at hand. There are simple and free online tools and techniques that all those responsible for ensuring the safety in your schools need to be using on a regular basis. Given our role in actively assisting school districts and police agencies across North America, you will not find a more up-to-date presentation in this specific subject area.

The Colorado School Safety Resource Center and the Colorado School District Self Insurance Pool will be partnering with Safer Schools Together to offer three days of Digital Threat Assessment. Advanced and Train-the-Trainer classes will require a pre-requisite(s) to attend.

DIGITAL THREAT ASSESSMENT

- ◆ The Basic Digital Threat Assessment is required for the Advanced Class. Each will be limited to 50 participants.
- ◆ Both the Basic & Advanced will be required for the Train the Trainer Class. The Train-the-Trainer class will be limited to 25 participants.
- ◆ If you've taken the Basic or Advanced previously with Safer Schools Together you MUST submit a copy of your certificate to the Center prior to September 19, 2019. Send copies of your certificates or send your questions to Melissa Rubeo — Melissa.Rubeo@state.co.us or 303-239-4435
