2010 UPDATE

No implementation. The Commission identified Offender Profile/Data Sharing as a critical area of study and requested that a task force be convened to address the topic. Discussion

This recommendation has not been implemented. The Commission is committed to the transfer of information that would form the foundation of individualized, dynamic case plan. This complex reform initiative furthers the Commission's statutory mandate to "focus on evidence-based recidivism reduction initiatives...." and ensure the "...cost effective use of public resources." [C.R.S. 16-11.3-103(1)].
