

**FY2008 RECOMMENDATION/FY08-GP30 NEW INITIATIVES FISCAL IMPACT**

**Status:** Cannot Implement

**Actions/Updates**

**2011 OVERSIGHT COMMITTEE ACTION STEPS**

No further action on this recommendation due to barriers regarding the ability to gauge impact.

No formal action has been taken on this recommendation. However, executive branch agencies are required in budget request documents to address this issue. As the Commission begins to study sentencing reform, it is committed to including the impact of sentence modifications on local jurisdictions, including but not limited to county probation agencies and jails.

**2010 UPDATE**

*No Implementation.*

**2009 IMPACT**

Future Commission reports will include these analyses when appropriate.

**2009 BARRIER**

The availability of data to analyze the potential impact of proposals that impact local agencies is limited.

**Description**

New budget requests should include an analysis and discussion of the full fiscal and non-fiscal impact of initiatives on other agencies (for example, the impact that a state-level initiative might have on a county jail).

**Agencies Responsible**

All state agencies

**Discussion**

*The Commission is committed to implementing this recommendation when data are available to assess the full impact of initiatives. This effort is consistent with ensuring a comprehensive*

*understanding of “...the cost-effective expenditure of limited criminal justice funds” [C.R.S. 16-11.3-103(1)].*
