2012 ACTION/IMPLEMENTATION

Status unknown.

Description

The Colorado Bureau of Investigation (CBI), in cooperation with the Division of Motor Vehicle (DMV), should work toward sharing all alcohol- and drug- related driving convictions that are documented in each agency's data bases, and ensure that information on drivers with multiple DUI convictions is available to peace officers via the Colorado Crime Information Center (CCIC).

Agencies Responsible

Colorado Bureau of Investigation and the Division of Motor Vehicle.

Discussion

The National Highway Traffic Safety Board and the National Institute on Alcohol Abuse and Addiction emphasize the importance of quickly identifying and intervening with those drivers who have the highest rates of alcohol-impaired driving. The intent of this recommendation is to flag individuals with two prior DUI/DWAI felony convictions for immediate intervention. The information is available in CCIC, and must be made available to officers with computers in their police vehicles. This recommendation may require programming resources for CBI.
