Discussion

For quarterly sex offender registrants, the existing statute required re-registration to occur exactly on a required date or on the first business day following a weekend or holiday. This change will allow an offender who registers quarterly to re-register within 5 business days before or after their required re-registration date. For annual registrants, this "5-day" modification was already enacted by HB11-1278. This recommendation will allow consistency across re-registration procedures for all sex offenders and for law enforcement.

Proposed modification (language to be refined by the drafter):

16-22-108. Registration - procedure - frequency - place - change of address - fee.
