Recommendation FY17-CC #03

Revise three elements within the reentry process: 1) timing of and criteria for the reentry process, 2) the definition of “successful community corrections completion” and 3) the eligibility for achievement earned time:

- **Timing and Referral Criteria:** DOC will define “displayed acceptable institutional behavior” under C.R.S. 18-1.3.301 (2) (b) as the following:
 - The offender has spent at least 6 months continuously incarcerated upon admission, regression or revocation
 - The offender has a classification/institutional placement of medium or lower
 - The offender has not received a Class I COPD in the last year
 - The offender has not received a Class II COPD in the last 6 months
- **Definition of Successful Community Corrections Completion:** The Division of Criminal Justice Office of Community Corrections defines successful completion of a Community Corrections program as having advanced through level four in the Progression Matrix or having advanced through the final phase/level of a program.
- **Achievement Earned Time:** Inmates are eligible for Achievement Earned Time in accordance with C.R.S. 17-22.5-405 and DOC AR 550-12. DOC will communicate the Achievement Earned Time eligibility and process to all programs.
