

## **Where Do We Go from Here?**

### *Small Group Exercise*

*10:45 am – 12:00 pm*

## **Purpose of the Exercise**

The purpose of this exercise is to help the Commission identify new critical topics that you believe should be addressed beginning in July 2017. The Commission (commissioners and staff) have a finite capacity and it appears that up to two additional Task Forces could be created in the future. Additionally, specific issues could be given to existing Task Forces that will be continuing.

Your assignment is to identify up to five specific issue areas that you believe the Commission should consider addressing. Please consider the following:

1. What is the issue area
2. What problems do you believe may exist in this area
3. What specific issues in this area are you most concerned about
4. What do you feel is the best approach for the Commission to address this issue

Before beginning your group discussion please consider the issues you personally feel should receive additional attention by the Commission at this time.

Next, please discuss all identified topics as a group and reach agreement on your top 5 issue areas. Once these are identified please discuss what you feel is the best approach for the Commission to address this issue. Please use the worksheets provided.

Spokespersons for each group have been identified and will provide the information developed by your group when the meeting is reconvened.

# Previous Task Forces and Subcommittees

- *Bail Subcommittee*
- *Community Corrections Task Force*
- *Cost Savings Subcommittee*
- *Direct File Subcommittee*
