

HELP SHAPE BEHAVIORAL HEALTH IN COLORADO

JOIN US

HMA is offering the following engagement opportunities to discuss potential solutions for the formation of the BHA. The goal of these discussions is to share ideas about how the BHA could be formed and collect feedback from you to be sure we are accurately capturing the pros and cons of each potential idea. We will incorporate this feedback into our discussions with the Behavioral Health Reform Executive Committee and Governor's Office who will make the ultimate decision about how the BHA is formed.

Similarly to what we did in the first round of stakeholder engagement, we are organizing the sessions by sector and trying to keep the size reasonable to support strong discussion (even if we have to use breakout groups for larger groups). We will be doing the same and would like to offer that for your sector, you join the following session:

Criminal Justice / Public Safety Group Discussion **Tuesday May 4th 3:00 – 4:30 pm (Register [HERE](#))**

We recognize that you may not all be able to join this session and we will be hosting **three Alternative Sessions (listed below)** that will be open to all stakeholders. We will do our best to divide into meaningful groups where appropriate but the Alternative Sessions may end up combining stakeholder sectors.

- Alternative Option #1: Thursday, May 6th 7:00 - 8:30 am (Register [HERE](#))
- Alternative Option #2: Monday, May 10th 5:00 - 6:30 pm (Register [HERE](#))
- Alternative Option #3: Wednesday, May 12th 12:00 - 1:30 pm (Register [HERE](#))

Finally, we will be offering an **Open Forum** open to anyone in the state on **May 7th from 1:30-3:00 pm** (Register [HERE](#))

Thank you for ongoing engagement and support. Please let us know additional questions and or concerns. As a reminder you can monitor our progress at <http://bit.ly/BHA-Colorado>
