

Motor Vehicle Theft Update

Sentencing Reform Task Force

DA Michael Dougherty, 20th Judicial District
Co-Chair, Sentencing Reform Task Force

**Preliminary concepts presented to the
Colorado Commission on Criminal and Juvenile Justice
December 9, 2022**

Purposes of Sentencing

§18-1-102.5, C.R.S.

(a) To punish a convicted offender by assuring the imposition of a sentence he deserves in relation to the seriousness of his offense;

(b) To assure the fair and consistent treatment of all convicted offenders by eliminating unjustified disparity in sentences, providing fair warning of the nature of the sentence to be imposed, and establishing fair procedures for the imposition of sentences;

(c) To prevent crime and promote respect for the law by providing an effective deterrent to others likely to commit similar offenses;

(d) To promote rehabilitation by encouraging correctional programs that elicit the voluntary cooperation and participation of convicted offenders;

(e) To select a sentence, a sentence length, and a level of supervision that addresses the offender's individual characteristics and reduces the potential that the offender will engage in criminal conduct after completing his or her sentence; and

(f) To promote acceptance of responsibility and accountability by offenders and to provide restoration and healing for victims and the community while attempting to reduce recidivism and the costs to society by the use of restorative justice practices

What Started the SRTF?

- Formed per the Governor's letter of June 24, 2020, directing the CCJJ:
 - Develop improved guidelines for the disposition of cases
 - Ensure statewide consistency and more certainty in sentences
 - Ensure incentives for success throughout an offender's sentence and beyond
 - Recognize finite resources for jails and prisons

The Motivation

- There had not been a comprehensive review of sentencing laws in Colorado since 1985.
- Over the ensuing decades, new crimes were created and other **changes were made** to various sentencing laws which have resulted in Colorado's sentencing statutes becoming **outdated, misaligned, and inconsistent** in their application.
- Also, the lack of certainty that exists regarding the amount of time a person will serve when sentenced to incarceration. Unfair to victims, offenders and the community.

Christmas Tree of Sentencing

Impact of Auto Thefts

- Auto Theft is a serious problem. It is hurting a lot of people. Colorado leads the nation in auto thefts. 86% statewide increase.
- From 2019 – 2021, 170% in Broomfield. 250% in Grand County. 60% in Boulder County. Our numbers in Boulder County are now decreasing...
- From the first quarter of 2022 - Denver (2), Aurora (3), Westminster (8), and Pueblo (9). These four cities combined, accounted for 53.3% of the vehicles stolen statewide in the first quarter of 2022.
- Denver and Pueblo are still in the top 5 in the nation.
- Car thefts vary in purpose, impact, timing, etc.

What drives the number of auto thefts?

- Financial stress
- Substance abuse
- Mental health disorders
- Lack of treatment
- Homelessness
- Desire to commit other crimes ... And profit
- Crimes of opportunity – unlocked car doors and open garages
- Consequences
 - Summons v. Arrest?
 - PR bond v. Secured bond
 - **Sentencing**

Arrest Clearance Rates

- Some jurisdictions, including Denver and Aurora, reported arrest clearance rates below 10%.
- What does that mean in terms of additional car thefts?
- How will changes to sentencing laws impact those numbers?

Colorado Must Address Auto Theft

- Address behavioral health needs in our communities and justice system.
- **Decrease** the number of auto **thefts**.
- **Increase** the number of cases being **solved**.
- Protect the community and **hold people responsible** through prosecution of cases.
- Reinforce the rule of law.

Letter from Governor Polis

ccjj.colorado.gov/ccjj-mandates

- “I am particularly interested in having the Commission examine changes to auto theft sentencing, so that the repeat offenders and the most egregious perpetrators cannot easily return to communities to further inflict harm on the people of Colorado. Auto theft is devastating property crime for those affected, who often lose their only way to get to work or get to the store. In addition, it is frequently a precursor crime that is often used in the furtherance of violence and other crimes. Enhancing the penalties associated with auto theft, regardless of the value of the vehicle stolen, has the potential to make us safer and improve the quality of life in Colorado.
- “The Commission should especially revisit the criminal classification of auto theft as it relates to the monetary value of a stolen vehicle. The Commission should also examine updating the language to elevate the severity of the crime based on the number of prior offenses, specifically targeting prolific auto thieves. This is a top priority of mine, and even if the Commission does not come forward with recommendations this year, I will look to work with the legislature to enact reforms in this area in the upcoming session.”
