The grantee has the responsibility to obtain from subgrantees, contractors, and subcontractors (if any) all rights and data necessary to fulfill the grantee's obligations to the Government under this award. If a proposed subgrantee, contractor, or subcontractor refuses to accept terms affording the Government such rights, the grantee shall promptly bring such refusal to the attention of the DCJ program manager for the award and not proceed with the agreement in question without further authorization from DCJ.

11. Any Web site that is funded in whole or in part under this award must include the following statement on the home page, on all major entry pages (i.e., pages (exclusive of documents) whose primary purpose is to navigate the user to interior content), and on any pages from which a visitor may access or use a Web-based service, including any pages that provide results or outputs from the service:

"This Web site is funded [**insert "in part," if applicable**] through a grant from the [**insert name of OJP component**], Office of Justice Programs, U.S. Department of Justice. Neither the U.S. Department of Justice nor any of its components operate, control, are responsible for, or necessarily endorse, this Web site (including, without limitation, its content, technical infrastructure, and policies, and any services or tools provided)."

The full text of the foregoing statement must be clearly visible on the home page. On other pages, the statement may be included through a link, entitled "Notice of Federal Funding and Federal Disclaimer," to the full text of the statement.

12. Applicants must certify that Limited English Proficiency persons have meaningful access to the services under this program(s). National origin discrimination includes discrimination on the basis of limited English proficiency (LEP).

To ensure compliance with Title VI and the Safe Streets Act, grantees are required to take reasonable steps to ensure that LEP persons have meaningful access to their programs. Meaningful access may entail providing language assistance services, including oral and written translation when necessary. The U.S. Department of Justice has issued guidance for grantees to help them comply with Title VI requirements. The guidance document can be accessed on the Internet at www.lep.gov.

13. PSN Conflict of Interest

The grantee agrees to secure and maintain on file signed statements by each member of the selection committee appointed by the United States Attorney or the PSN Task Force indicating that in making recommendations or decisions regarding contracts or subgrants paid for by this grant, the member had no conflict of interest. Such statements must include all of the language included in the PSN Conflict of Interest Certification, however, the grantee may use a different format or may add other related certifications of their own.

14. The grantee agrees to submit to DCJ for review and approval, any proposal or plan for Project Safe Neighborhoods media-related outreach. DCJ approval must be received prior to any obligation or expenditure of grant funds related to the development of media-related outreach projects.

15. Required monitoring of subawards

The grantee must monitor subawards under this JAG award in accordance with all applicable statutes, regulations, award conditions, and the DOJ Grants Financial Guide, and must include the applicable conditions of this award in any subaward. Among other things, the grantee is responsible for oversight of subgrantee spending and monitoring of specific outcomes and benefits attributable to use of award funds by subgrantees. The grantee agrees to submit, upon request, documentation of its policies and procedures for monitoring of subawards under this award.

16. Categorical Exclusion for Colorado Department of Public Safety

The FY19 Project Safe Neighborhoods Initiative, represents a strategic approach that brings more “science” into criminal justice operations by leveraging innovative applications of analysis, technology, and evidence-based practices with the goal of improving performance and effectiveness while containing costs while addressing crime associated with gun crime and gang violence. Awards under this program will implement the five core elements of PSN— partnerships, strategic planning and research integration, training and technical assistance outreach, and accountability, data analysis, and data-informed efforts —to address specific gun crime and gang violence problems in that district.

None of the following activities will be conducted either under the DCJ federal action or a related third party action:

- 1) New construction;

- 2) Any renovation or remodeling of a property either (a) listed on or eligible for listing on the National Register of Historic Places or (b) located within a 100-year flood plain;
- 3) A renovation which will change the basic prior use of a facility or significantly change its size;
- 4) Research and technology whose anticipated and future application could be expected to have an effect on the environment; or
- 5) Implementation of a program involving the use of chemicals.

Consequently, the subject federal action meets OJP's criteria for a categorical exclusion as contained in paragraph 4(b) of Appendix D to Part 61 of the Title 28 of the Code of Federal Regulations.

Additionally, the proposed action is neither a phase nor a segment or a project which when viewed in its entirety would not meet the criteria for a categorical exclusion.

17. Grantees agree to fully cooperate with the Colorado Project Safe Neighborhoods (PSN) research partner.
