Colorado Local Victim & Witness Assistance and Law Enforcement (VALE) Program

CY 20 Annual Report Executive Summary

Colorado's local VALE funding structure is unique in the nation. There is no other state that has legislated local funding for agencies providing direct services to crime victims.

- ✂ \$12,179,002 = funds paid by local Colorado judicial district VALE programs to 367 agencies across the state to provide direct services to serve victims of crime during calendar year (CY) 2020.
- ✂ Agencies serving domestic violence and sexual assault victims consistently account for 36% of all local VALE funds paid across the state.
- ✂ \$ 9,929,007 = funds collected for local VALE program expenditures in CY 2020. This is an approximate 20% decrease from CY 2019.
This decrease follows an approximate 19% decrease in CY 2018.

Ability of Local VALE Programs to Meet Crime Victim Needs

On average, **annual state revenue collected for local VALE programs over the past decade is sufficient to pay for only 72%** of funds requested by agencies to provide direct services to victims in their communities.

Other possible sources of funding to pay for these critical services include the competitive grant process for federal funds from the Victims of Crime Act (VOCA) and the Violence Against Women Act (VAWA).

The chart below outlines the percentage of difference between the dollar amount of local VALE grant requests received and the dollar amount of local VALE funds available for allocation. This chart illustrates that over the past four years, local VALE programs have received an average of **\$3,783,937 or 32% more in requests than funds available.**

2020 COVID Impact for Local VALE Assistance to Victims

Pursuant to state statute, funds for local VALE programs are assessed and collected from offenders who are convicted of, or receive a deferred sentence for felony and misdemeanor crimes as well as specific traffic offenses. Local VALE programs *do not receive funds from the state general fund*, which supports other basic state-funded services, such as K-12 education, prisons, courts, and public assistance.

Average annual revenue for local VALE programs for the past decade has been approximately \$13,862,540 compared to the \$9,929,007 collected in CY 2020. The dramatic decrease of over 28% in CY 2020 VALE revenue appears to be a direct impact of COVID measures related to court and collection activities.

1. Has your judicial district experienced, or do you anticipate, any decrease in revenue for your local VALE program as a result of COVID - in 2020 and going forward?

1st JD Yes, the 1st JD VALE Board experienced a reduction in revenue in the 1st half of 2020 that resulted in a 10% decrease of VALE Awards amounts for the grant cycle starting in July of 2020. The Board is anticipating a 30% decrease in revenue for the time period from July of 2020 - June of 2021 that will likely result in a 30% decrease in funds awarded for the grant cycle starting in July of 2021.

2nd JD The 2nd JD experienced a severe decrease in collections resulting in the very difficult decision by the VALE Board related to grant funding Effective July 2020, VALE grant awards were reduced by 60% for the remainder of 2020. It was also decided by the Board that that the most fiscally responsible decision for 2021 would be to suspend grant funding unless there was a significant increase in collections by December 2020. The JDA for the 2nd JD confirms that while there is no way to predict collections in 2021, they will likely remain significantly low. The average decrease in collections from 2019- 2020 was -32%, with the greatest decrease occurring in November 2020 (-75%). The current comparison between January 2020 and January 2021 is -68%.

4th JD The 4th Judicial District did experience an impact during 2020. Our Court Executive believes that our revenue has stabilized and will not continue to experience the impact that we had in 2020. However, our 2020 collections experienced a 19% decline when compared to 2019. Our total revenue in 2020 was \$1.48 million. The Court Executive projected approximately \$1.5 million in collections during 2021.

6th JD We are expecting 18% -20% less revenues in 2021 according to our JDA. Our VALE Board asked all grantees to lower their requests by 18% so we could afford to fund them through the next few years, all were extremely understanding and respectful of the Boards request.

7th JD We experienced a 30% decrease in funding or 2020. In speaking with my JDA she indicates the income in funding has leveled off, but it is expected that we will still see limited funding for 2021 that will result in the need to continue funding around 20% less in 2022 than funded in 2020.

14th JD Our total revenue for every month in 2020 after March was lower than the corresponding month in 2019 which I would attribute to COVID-19. Our revenue has declined each year since at least 2017 so I don't know how much of the decline may have

occurred anyway. I do not have any projections for 2021; January's court fine revenue was lower than the last 3 years. (Per my Court Executive)

21st JD The 21st JD experienced an 18% reduction in revenues to the VALE fund in 2020 due to COVID-19. We expect to continue to experience a decrease in revenues throughout 2021. Current projections are expecting an additional 10% decrease in revenues in 2021.

22nd JD During our annual meeting in January 2021 the Court Executive informed the 22nd Judicial VALE board that they had implemented a softer collection approach and they did not have a collections Investigator for several months so expect VALE money to decrease over the next 24 months. The court also had to continue cases many months out so they were not being resolved as quickly as they normally would have. The Court Executive also stated that case filings were down 9% which is 12% down from the previous year. Law enforcement reduced their traffic stops due to COVID-19 which is why filings are down.

2. Did you experienced any changes in terms of requests for 2021 grant applications?

2nd JD There will be no grants awarded in 2021.

4th JD The main reasons for a decrease in funding requested in previous years is that some agencies recognized that the VALE Board did not have as much money available and the agency opted to not request funding for previously funded positions. Also, the VALE Board put in the RFP that they would only consider personnel requests due to the budget restrictions.

14th JD The Board did not change any of their terms for requests from grantees. Most applicants lowered the amount they requested for 2021 on their own.

22nd JD There were two new entities that asked for VALE applications but did not turn them. It's presumed they may not have been able to complete the applications in time and we anticipate seeing these potential applicants again in 2021. This will increase our application size and money requested. VALE continues to get reduced every year but applicants have not reduced\ their requests.

3. Are there any other impacts your judicial district has been, or are, experiencing that are directly, or indirectly, related to COVID?

1st JD The 1st JD VALE Administrative Funds have not been affected yet, since while the revenue decreased in 2020, the expenses also decreased due to COVID. For example, less spending on victim transportation costs, victim lunch costs and training costs since there were no in person conferences. Thus, the 1st JD has not had to cut back on personnel expenses because there were savings in other areas. Another impact of COVID for the VALE Board is that we did not have oral interviews as part of the application process last year and will not have this year either.

2nd JD The greatest impact of COVID has been the reduction in grant funding in 2020 and the decision to not award grants in 2021. The decrease in the 10% administrative fee has also impacted the office - this amount has previously funded 2 victim advocate positions in the office. The large decrease due to COVID currently funds approximately .30 of one VA position. The table below describes the decrease in the 10% administrative fee:

YEAR	MONTH	DA (.10) Disbursement\$
2020	JAN	\$ 7,153.20
	FEB	\$ 7,862.97
	MAR	\$ 10,290.92
	APR	\$ 8,324.54
	MAY	\$ 5,561.64
	JUN	\$ 3,222.79
	JULY	\$ 3,758.81
	AUG	\$ 1,187.32
	SEPT	\$ 2,389.47
	OCT	\$ 3,383.79
	NOV	\$ 790.43
	DEC	\$ 8,219.91
2021	JAN	\$ 2,257.35
TOTAL		\$ 64,403.14

4th JD The 4th JD has experienced a decrease in DA VALE administrative funds. We have been unable to cover the staffing expenses that have previously been covered. Our admin checks have covered 2 salaries in past years with a balance remaining for supplies and operating expenses. During 2020, the admin funds did not cover the entire amount of salaries.

6th JD Lack of in-person court proceedings, lack of restitution/court costs and fines being collected, lack of arrests. Cases are stockpiling for trial settings so attorneys have to pick their battles carefully on who will actually go to trial once the courts are back opened and who they will negotiate a better plea offer with so the case can be closed -it's not justice or victim friendly at all.

7th JD There is a significant decrease in 2021 funding for DA VALE funds, this decrease has created the need to cut 16 hours of VALE funded victim service providers.

14th JD No we haven't experienced any changes. We have been doing all our meetings over zoom. No changes in our available admin money.

21st JD At this time the reduction in revenues will not impact the VALE DA Admin fund as we have kept a sufficient reserve in place. The VALE Board will continue to monitor revenues and make a determination about reducing the amount made available to training and/or the Victim Services grant solicitation in the late spring of 2021.

22nd JD Some grantees were not able to fund raise like they normally can due to COVID-19. They also had a difficult time balancing an increase in service-requests and abiding by stay-at-home orders and whatnot. While case filings are down at the court a lot of victim service providers saw large increases in providing services. VALE Admin funds were positively affected by the pandemic because the board could not travel or meet in person so no funds were spent on those line items.

Colorado Local VALE Program Statutory Structure

In 1984, the General Assembly approved legislation to establish the Assistance to Victims of and Witnesses to Crimes and Aid to Law Enforcement Act (VALE). The VALE Act has been amended several times since its original passage in 1984. The legislation established a funding mechanism for agencies to provide services to crime victims through local VALE programs established in each of Colorado's 22 judicial districts. The VALE statute outlines services for crime victims that may be considered for funding. Each judicial district is responsible for the administration, financial management, and decisions regarding its local VALE funds.

The Crime Victim Services Advisory Board (Advisory Board) is responsible for the development of, revisions to, and compliance with the *Standards for the Administration of Victim and Witness & Law Enforcement Programs (Standards)*. The *Standards* were established in 1992 and have been amended periodically.

LOCAL VALE BOARDS

The Act provides for a five-member board (appointed by the Chief Judge) in each judicial district. Each local board accepts applications and makes decisions regarding the use of VALE funds in that judicial district.

ANNUAL REPORT

C.R.S. §24-4.2-108 mandates that each of the local VALE boards submit to the Division of Criminal Justice an annual report detailing:

- 1) the amount of funds granted to agencies;
- 2) the number and type of agencies applying for grant funds; and,
- 3) the projects and services for which grants were awarded.

This is the thirty-first year that such a summary has been completed by the Division of Criminal Justice.

The graphs and summarizing data in this report provide an overview of the types of grants that were awarded by local VALE boards. The report also breaks down the percentage of funds supporting each victim service and law enforcement category. A detailed chart of each judicial district's awards is also included in the report.

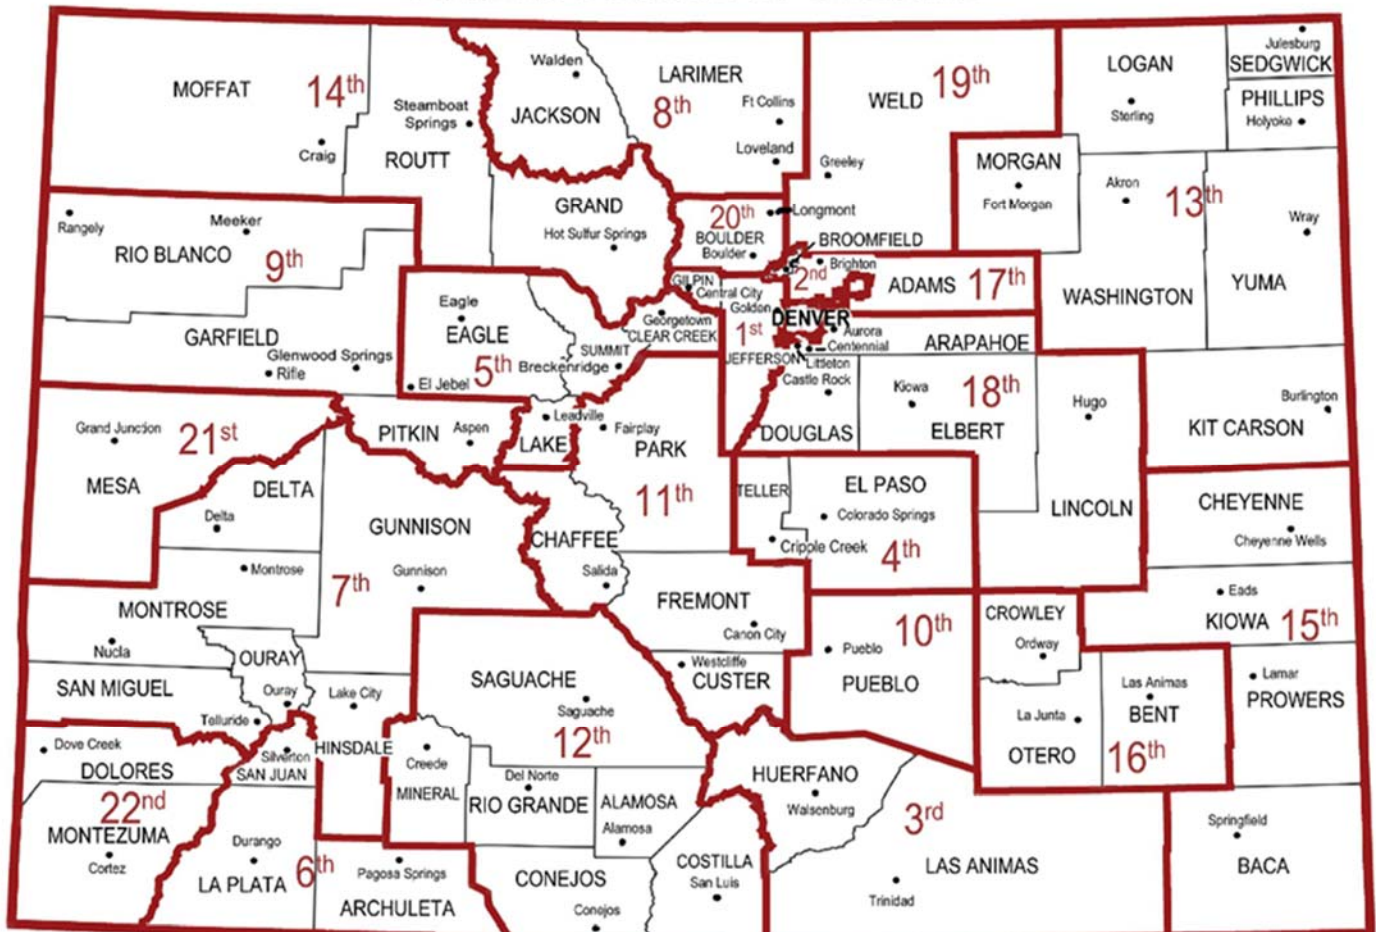

Colorado Local VALE Program Operations

Colorado's decentralized system establishes a separate Victim and Witness and Law Enforcement (VALE) program in each of the state's 22 judicial districts. Per Colorado statute, agencies may submit a grant application for funding in the judicial district where services are being, or will be, provided.

Local VALE revenue is insufficient to fully fund all grant application requests for direct victim services. For that reason, local VALE programs may also require agencies to demonstrate that they have sought other funding sources to pay for direct victim services. Additional information regarding a specific CVC program is available by contacting the judicial district CVC Program Administrator.

Colorado Local VALE Funding Sources

FUNDING SOURCE

Of the total fees collected by each local VALE program, a maximum of 10% may be used in each district for administrative costs to implement the statute and for the preparation of victim impact statements. After the allocation of administrative expenses, 13% of the remaining collections are deposited with the State Treasurer for state administrative expenses and for the State Victim Assistance and Law Enforcement (State VALE) competitive grant program. Overall, 88.3% of all collections are used for grants in each of the local districts.

As currently enacted, the Act mandates a surcharge equal to 37% of the fine imposed for felonies, misdemeanors, juvenile offenses, and class 1 and 2 traffic offenses or a standard surcharge, whichever is greater. The standard surcharges that may be imposed are as follows:

- Felony convictions \$163.00
- Misdemeanor convictions \$78.00
- Class 1 misdemeanor traffic offenses \$46.00
- Class 2 misdemeanor traffic offenses \$33.00, and
- Class A and B traffic offenses as outlined in C.R.S. §24-4.2-104.

Colorado Local VALE Funding Sources

PRIORITY FUNDING AREAS

- There are two priority areas for VALE funding. One priority establishes funding for programs that implement the Victim Rights Act (C.R.S. §§24-4.1-302.5; 24-4.1-303; and 24-4.1-304). The other priority is funding for victim and witness services which are listed in C.R.S. §24-4.2-105(4). These include, but are not limited to, crisis intervention services, referrals of victims to appropriate community services and victim compensation programs, translator services, and counseling.

GRANT AWARDS

- During CY 2020, 299 grants and 67 scholarships were awarded to various organizations by local Victim Assistance and Law Enforcement boards. These grant awards and training scholarships totaled \$12,232,244.
