Others Present:

Andrew LeFevre, Project Consultant

- I. The meeting of the Brain Injury Task Force was called to order by Mr. Andrew LeFevre. Task Force Members introduced themselves and role was taken. Mr. LeFevre provided a review of the activities from the Task Force meeting held on September 6, 2022.
- II. Mr. LeFevre provided a short overview of the requirements outlined in SB22-57 and outlined the structure of the meeting for today.
- III. Ms. Kim Gorgens and Ms. Jamie Horsfall provided the Task Force with a more detailed overview of the work that was done as part of Brain Injury Support in the Criminal Justice System Task Force that was completed last year per SB21-318. They discussed key takeaways from serving on that task force and how the current work can benefit from this effort,
- IV. Mr. LeFevre then led the Task Force on a discussion on how to best group the goals outlined in SB22-57 so that the Members can maximize their work towards producing the recommendation report. The Members spent the remainder of the meeting discussing the structure of what the pilot program would look like, where best to situate a pilot screening site, how to establish clear goals of the pilot program to determine its success, what are the pathways for entry into the pilot program, what does success look like to the survivor Members on the Task Force.
- V. Mr. LeFevre asked for items that the Task Force Members would like to see on future meeting agendas.
- VI. The work of the Task Force being completed, the meeting was adjourned.
