1. The Grantee shall submit to the Division of Criminal Justice, who will then forward to the Bureau of Justice Assistance, one copy of all reports and proposed publications resulting from this agreement thirty (30) days prior to public release. Any written, visual, or audio publications, with the exception of press releases, whether published at the grantee's or government's expense, shall contain the following statements:

“This project was supported by Grant # (insert FEDERAL_AWARD_NUMBER) awarded by the Bureau of Justice Assistance. The Bureau of Justice Assistance is a component of the Office of Justice Programs, which also includes the Bureau of Justice Statistics, the National Institute of Justice, the Office of Juvenile Justice and Delinquency Prevention, and the Office for Victims of Crime. 9. Food and beverages are not allowed per federal regulations unless prior approval has been received from the Office of Justice Programs (OJP). Permission for such expenditures must be requested through DCJ who will work with OJP. DCJ will contact grantee when/if such permission has been granted by OJP and no funds can be expended for food and beverage until such approval has been communicated to grantee by DCJ.
 10. Gift cards and other similar incentives of any kind for program participants are not permitted with federal funds from the Office of Justice Programs (OJP).
 11. The Grantee agrees that funds provided under this award will not be used to operate a “pay-to-stay” program in any local jail. The Grantee also agrees not to subaward funds to local jails which operate “pay-to-stay” programs.
 12. If you are collecting and expending restitution as part of this Juvenile Diversion program, you must report the amount collected and expended.
 13. **[JAG funded Task Forces only]** The Grantee agrees that within 120 days of award acceptance, each member of a law enforcement task force funded with these funds who is a task force commander, agency executive, task force officer, or other task force member of equivalent rank, will complete required online (internet-based) task force training. The training is provided free of charge online through BJA’s Center for Task Force Integrity and Leadership (www.ctfli.org). All current and new task force members are required to complete this training once during the life of the award, or once every four years if multiple awards include this requirement. This training addresses task force effectiveness as well as other key issues including privacy and civil liberties/rights, task force performance measurement, personnel selection, and task force oversight and accountability. Additional information is available regarding this required training and access methods via BJA’s web site and the Center for Task Force Integrity and Leadership (www.ctfli.org).
 14. **[JAG funded Task Forces only]** You must obtain an ORI number from the CBI for the task force project. ORI numbers from the participating agencies cannot be used. You must also make entries into the Colorado Law Enforcement Intelligence Network (CLEIN) database at CBI, using the task force ORI number.
 15. **[JAG funded Substance Abuse Treatment only]** The substance abuse treatment provider with whom you contract for services must be licensed by the Division of Behavioral Health (DBH) and when requested provide Drug/Alcohol Coordinated Data System (DACODS) information to DBH.

16. **[JAG funded Computerized Systems only]** The project, as it relates to the area of computerized information systems:

- a. Must meet all State and Federal standards and protocols as appropriate.
- b. Must be designed to allow for interaction with State and Federal systems, and be linked to the Colorado Crime Information Center (CCIC) whenever possible.
- c. Must contribute to the improvement of statewide information sharing and exchange including support for the State Criminal Justice Information System (CJIS) Plan, National Incident Based Reporting System (NIBRS), Offender Based Tracking System (OBTS) which was modified in HB 92-1124, and Colorado Law Enforcement Intelligence Network (CLEIN). Entries into CLEIN must be made on a routine basis. The Division of Criminal Justice will monitor projects on a regular basis for compliance.
- d. Must have specific measurements of effects/impacts such as, but not limited to, officer safety, increased efficiency, increased arrests, and/or case closures.
- e. Must fit into the long term development and improvement of information management and exchange statewide.
- f. Agencies that have received or are receiving federal funds to develop or maintain a criminal intelligence information system must maintain compliance with 28 CFR Part 23, Criminal Intelligence System Operating Policies. - g. Grantee agrees to use the Global Justice Data Model (Global JXDM), also referred to as the Global Justice XML Data Model, specifications and guidelines for this information systems project. Grantees shall publish and make available without restriction all schemas (extensions, constraint and proxy) generated as a result of this grant to the component registry as specified in the guidelines. This information is available at www.it.ojp.gov/jixdm. If the Grantee believes that this project should be exempt from the Global JXDM requirement, they must submit to the Division of Criminal Justice a written statement explaining why they believe the project does not need to follow this Global JXDM provision and are therefore requesting exemption from this requirement. The Division of Criminal Justice will review and respond in writing to the request either affirming the requirement or granting an exemption.
- h. To avoid duplicating existing networks or IT systems in any initiatives funded by BJA for law enforcement information sharing systems which involve interstate connectivity between jurisdiction, such systems shall employ, to the extent possible, existing networks as the communication backbone to achieve interstate connectivity, unless the Grantee can demonstrate to the satisfaction of BJA that this requirement would not be cost effective or would impair the functionality of an existing or proposed IT system.
- i. To support public safety and justice information sharing, OJP requires the Grantee to use the National Information Exchange Model (NIEM) specifications and guidelines for this particular grant. Grantee shall publish and make available without restriction all schemas generated as a result of this grant to the component registry as specified in the guidelines.
