SECTION II: RETENTION AND DISPOSAL: Complete this section for the Grant Award Period End and/or Final Disposition Reporting.

Retention: Check this box if the equipment has a value of less than \$5,000 and will be retained, or \$5,000 or greater and your agency will retain the equipment and continue to be used for the purposes of the grant for which it was acquired or for other activities currently or previously supported by a Federal agency. Select the box to indicate how the equipment will be used.

- Grantees are permitted to make equipment available for use on other projects or programs currently or previously supported by the Federal government, provided the use does not interfere with the work on the projects or programs for which it was originally acquired. First preference for other use should be given to other programs or projects supported by the federal awarding agency under which the equipment was acquired.
- If the equipment will be used for other activities, list the federal grant program, include the federal grant and CFDA number, whether you currently have or had this grant and how the use of this equipment will further federal grant activities.

Disposal: Indicate the method of equipment disposal by checking the appropriate box(es).

If the item to be disposed of has a current per-unit fair market value of \$5,000 or less, you may sell or otherwise dispose of it with no further obligation to the awarding agency or DCJ.

- If the item has a current per-unit fair market value of more than \$5,000, you may retain or sell it, but the awarding agency will have a right to a specific dollar amount. Calculate this amount by multiplying the current market value or proceeds from the item sale by the awarding agency's share of the equipment (i.e., the agency's percentage of participation in the cost of the original purchase). The seller is also eligible for limited sale and handling costs of \$500 or 10% of the proceeds, whichever is less.
- In cases where you fail to take appropriate disposition actions, the awarding agency may direct you to take other disposition actions.
- Only equipment acquired under an Edward Byrne Memorial Justice Assistance Grant Program (Byrne JAG) may be returned to DCJ. Contact your DCJ Grant Manager prior to return.
