- Known victim (If yes to #11)
- Possible victim (If yes to 2 or more) *
- Non-victim (If no to all factors)

- Known abuser (If yes to #1 or #3)
- Possible abuser (If yes to 2 or more)*
- Non-abuser (If no to all factors)

_____	Risk factor information has been forwarded to staff responsible for room, work, education and programming assignments, with the goal of keeping residents that are at a higher risk for being victimized separated from residents that are at a higher risk for being sexually abusive to the degree possible.
Staff initial	
_____	Note: Override can be made for only one yes if deemed appropriate.
Date	

Purpose: The risk screen is designed to help in differentiating among residents with respect to their potential for aggressive behavior and vulnerability to sexual abuse. Information gained from the completion of the assessment must be shared among staff with oversight of room and chore assignments, internal treatment and educational groups, and security staff responsible for monitoring health and safety concerns.

Completion policy: This risk screening shall be completed during the intake/orientation process, no later than 72 hours of program entry. Residents shall be reassessed based on any additional, relevant information received by the program.

Name: Enter the resident's full name. **DOC/Diversion:** Circle the resident's legal status.

Date of assessment: Enter the month, day and year the assessment was completed.

Age: Consider the current age of the resident. Mark 'YES' if the resident is under the age of 22 or over the age of 60.

Physical stature: Consider the physical stature of the resident and determine (by observation) if the male resident is 5'6" and/or less than 140 lbs or the female resident is 5' and/or less than 100 lbs.

Mental or developmental disability: Mark 'yes' if the resident has a mental need or condition that might make him or her vulnerable in a community corrections setting. Consider if the resident has difficulty interacting with others due to limited comprehension and/or communication skills.

Physical disability: Mark 'yes' if the resident's physical disability puts him or her at risk of sexual abuse.

First incarceration: Mark 'yes' if the resident has been incarcerated less than 90 days in a state or federal correctional facility. All DOC residents will be marked 'No'.

Exclusively non-violent criminal history: Mark 'yes' if all the resident's criminal offenses are non-violent. Include the current offense. Use item #10 on the LSI as the definition of assault/violence.

History of sex offense convictions: Mark 'yes' if the resident has a prior or current conviction for a sexual offense against an adult or child.

Lesbian/Gay/Bi-sexual/Transgender/Gender non conforming or Intersex: Mark 'yes' if the resident states that he or she is (or staff perceives them to be) homosexual, bi-sexual, undergoing a trans-gender process, displaying traits that are not normally associated with the person's biological sex or has a medical condition that is a congenital abnormality of the sexual system.

History of sexual victimization: Mark 'yes' if there is any indication in any documentation or by resident account that the resident has experienced sexual victimization. Consider juvenile and adult experiences.

Resident's perception of vulnerability: Mark 'yes' if the resident has the perception that they are vulnerable to sexual abuse.

History of sexual abusiveness (community): Mark 'yes' if the resident has a history of sexually perpetrating against another while in the community. Consider the current offense.

History of violent convictions (community): Mark 'yes' if the resident has a history of convictions for violent behavior. Consider domestic violence, assault and any predatory convictions in the community. Use item #10 on the LSI as the definition of assault/violence.

History of institutional violence or sexual abuse: Mark 'yes' if the resident has a history of violent behavior or sexual abuse in a correctional setting. Use item #10 on the LSI as the definition of assault/violence.

Gang affiliation: Mark 'yes' if there is any indication in any documentation or by resident account that the resident has been involved in gang activity.

Other factors: Consider any special circumstances that have not been addressed and might influence the resident's risk.
