

Allison Rosenthal joined the Office of Research and Statistics in 2019 and serves as the DUI Statistical Analyst. She is responsible for the implementation of a legislative mandate to assess trends with substance affected driving citations. Previously, Allison worked at the Colorado Department of Public Health and Environment (CDPHE) as an evaluator and drug epidemiologist for the Opioid Overdose Prevention Program. She also completed a SAMHSA/CSTE Applied Epidemiology Fellowship, specializing in behavioral health epidemiology at CDPHE. Allison received her MPH from the University of Illinois at Chicago in Community Health Sciences and her BA in art history from Grinnell College.
