THE DIRECTOR'S CORNER

Greetings: As we enter into our **Tenth Year** of operation, it gives me great pleasure to present our [2017 Legislative Report!](#) Once again staff members were busy as we increased our trainings from 168 to 186 with a total of 7,384 folks trained in 2017. We hope you will take a few moments to peruse the report and see additional highlights as we are very proud of the work we've been able to accomplish with **YOUR COLLABORATION**. Thank you!

Once again the Center had the pleasure of hosting a very productive working group. Last week, 16 school and community mental health professionals came together to review suicide policies, procedures and protocols across the state. Shortly the **Best Practice Recommendations for Addressing Suicide** we be available on our website.

Two items of importance:

(1) The Office of the Colorado Attorney General, Cynthia Coffman, released a Formal Opinion regarding the **Family Educational Rights Privacy Act (FERPA)** on January 11, 2018. Please see a copy [here](#).

(2) "Please be aware that SAMHSA's **National Registry for Evidence-based Programs and Practices (NREPP)** has been discontinued, and that SAMHSA will be reconfiguring its approach to identifying and disseminating evidence-based policies and programs. For more information, please read Assistant Secretary Elinore F. McCance-Katz's [statement](#) about NREPP and evidence-based practices."

Finally, the **training staff of the CSSRC** put together a light-hearted, [informational video](#) on training offerings. Please take a minute to see them in action.

Kindest Regards,
Chris Harms
