Goals of the Collaborative Management Program (CMP)

- Develop a more uniform system of collaborative management that includes the input, expertise, and active participation of family advocacy organizations
- Reduce duplication and eliminate fragmentation of services provided to families
- Increase the quality, appropriateness, and effectiveness of services delivered to these children and families
- Encourage cost sharing among service providers
- Ultimately lead to better outcomes and cost reduction for the services provided to children and families in the state of Colorado

CMP Prevention Programs

- CMP prevention programs must demonstrate a multi -systemic approach.
- Programs must demonstrate that multiple disciplines were involved in the:
 - development;
 - or enhancement of the program;
 - or that multiple agencies are involved in the delivery of the service.
- Programs must demonstrate that the program was developed to reduce bifurcated services.
- Must articulate how the joint approach will benefit children, youth, and/or families in their communities.

CMP Prevention Programs

- Truancy Prevention/Diversion (Education + Child Welfare + Health/Mental Health)
- Parenting Education and Support Programs (Child Welfare + Health/Mental Health)
- Medical and Behavioral Health Care Coordination (Health/Mental Health + Education + Child Welfare)
