

Welcome to Online Registration for 2023 School Safety Academy

CSSRC's School Safety Academy

The Center is excited to host a third Academy cohort in 2023. The Academy was created to train School Safety Specialists for any district (or charter/private school) that would like to have a staff member in this position. This individual(s) will be trained in the **foundational school safety knowledge** we believe every district should have, utilizing the five preparedness missions of the U.S. Department of Education.

- The Academy will be held **virtually June 12 - 15th**, from 8:00 AM until 1:00 PM each day
- State and national school safety experts have joined us the last two years, and we look forward to similar partnerships in 2023. Participants will be announced as we get closer to the Academy dates.
- There will be **no charge** for this Academy, but in order to receive a certificate as a School Safety Specialist, participants must be present for each live virtual workshop.
- The Academy will be **limited to 25 registrants**.

Please contact margaret.ochoa@state.co.us with any questions. The Application is linked [here](#).

*** CSSRC is committed to the full inclusion of all individuals. As part of this commitment, CSSRC will ensure reasonable accommodations are provided to enable all people to engage fully in our trainings, meetings and events. To request accommodations, please send an email directly to Melissa.Rubeo@state.co.us at least two weeks before the event. Please make sure also to let the Center know if you need any of the materials in an alternative format. Thank you! ***
