

COLORADO SEXUALLY VIOLENT PREDATOR ASSESSMENT SCREENING INSTRUMENT(SVPASI)

Pursuant to 18-3-414.5, C.R.S.

This assessment must be completed for all adult cases convicted on or after July 1, 1999 for specific sex crimes—including attempt, solicitation or conspiracy to commit those crimes--on or after July 1, 1997. According to 18-3-414.5(2) and (3), C.R.S.: "Based on the results of such assessment, the court/parole board shall make specific findings of fact and enter an order" concerning whether the defendant is a sexually violent predator.

Review the 2014 SVPASI handbook prior to completion of this form for additional information and instructions.

ASSESSMENT SUMMARY:

Probation officers or trained DOC staff/contractors, based on the information provided on the following pages, please check the boxes that apply. Check the appropriate boxes below to indicate that the offender satisfies the legislative criteria for the definition of sexually violent predator (SVP) pursuant to 18-3-414.5(1), C.R.S.

- The defendant is 18 years of age or older or has been tried as an adult, and has been convicted of, or received a deferred judgment and sentence for, one of the five crimes defined in Part 1, pursuant to 18-3-414.5(1)(a)(II) C.R.S., as revised to include attempt, solicitation, or conspiracy. **AND**
- The conviction occurred on or after July 1, 1999 for a crime committed on or after July 1, 1997, pursuant to 18-3-414.5., C.R.S. **AND**
- The defendant meets the prior conviction criterion (Part 3A). **OR**
- The defendant scores 8 or more on the Sex Offender Risk Scale (SORS, Part 3B), pursuant to 18-3-414.5 and 16-11.7-103(4)(c.5), C.R.S. **OR**
- Meets additional risk criteria (Part 3C), pursuant to 16-11.7-103(4)(c.5), C.R.S.
- Yes, the offender DID meet the above SVP criteria.**
- No, the offender DID NOT meet the above SVP criteria.**
- The offender refused to participate but DID meet the above SVP criteria.**
- The offender refused to participate but DID NOT meet the above SVP criteria.**

RECOMMENDATION REGARDING RELATIONSHIP CRITERIA:

Per recent supreme court decisions, the court/parole board shall make the determination regarding whether the offender meets the relationship criteria based on a recommendation from the evaluator. If the court/parole board determines that the offender DOES meet the relationship criteria, the court /parole board shall then consider whether to designate the offender as an SVP or not.

- The victim was a stranger to the offender (Part 2A), **OR** the defendant established a relationship primarily for the purpose of sexual victimization (Part 2B), **OR** the defendant promoted a relationship primarily for the purpose of sexual victimization (Part 2C), pursuant to 18-3-414.5(1)(a)(III), C.R.S. If the offender refuses to participate in the assessment, this criteria is automatically affirmative.

COURT OR PAROLE BOARD FINDING:

- The court or the parole board finds this offender to meet the criteria specified in 18-3-414.5, C.R.S. and finds that the offender IS a sexually violent predator.
- The court or the parole board finds this offender does NOT meet the criteria specified in 18-3-414.5, C.R.S. and finds that the offender IS a sexually violent predator.
- The court or the parole board finds this offender to meet the criteria specified in 18-3-414.5(1), C.R.S. and does NOT find the offender to be a sexually violent predator.
- The court or the parole board finds this offender does NOT meet the criteria specified in 18-3-414.5, C.R.S. and finds that the offender is NOT a sexually violent predator.

COLORADO	SEXUALLY VIOLENT PREDATOR	ASSESSMENT SCREENING INSTRUMENT		
P/E	SOMB Evaluator, Trained DOC Staff or Probation Officer Complete Part 2.	P 5 of 7		
<p>The relationship categories are identified, but not defined, in state statute. The following definitions were provided by the Colorado Supreme Court in their recent 2013 cases to assist in the identification of sexually violent predators as outlined in 18-3-414.5 (III) C.R.S. These Colorado Supreme Court decisions have found that the Sex Offender Management Board (SOMB) was not given legislative authority to define the relationship criteria. Therefore, final determination of relationship criteria rests with the sentencing court or the parole board.</p> <p>The SOMB notes that the relationship criteria section of the SVP assessment screening instrument, although required by the statute, is not based on research and is not related to the statistical probability of risk for re-arrest for a new sexual offense. However, the SOMB recognizes that the offender's relationship to the victim can have a significant impact on the level of trauma to the victim.</p> <p>If the offender refuses to participate in the assessment, other collateral sources of information, such as victim statements or police reports, should be utilized to determine the relationship criterion. Refer to the manual for further information and examples.</p> <p>Identify which of the following, if any, relationship categories apply.</p>				
A. STRANGER				
<p>The stranger relationship criterion "is satisfied where either the victim is not known by the offender or the offender is not known by the victim, at the time of the offense." When the trial court assesses whether or not the stranger criterion is met, "it should consider the context of the parties' relationship at the time of the offense." People v. Hunter, __ P.3d __ (Colo. 2013)(10SC146)(*2).</p> <p>Meets the STRANGER Criterion: <input type="checkbox"/> Yes <input type="checkbox"/> No</p>				
B. ESTABLISHED A RELATIONSHIP				
<p>An offender "establishes a relationship" with his victim primarily for the purpose of sexual victimization where he creates, starts, or begins a relationship primarily for that purpose. People v. Gallegos, __ P.3d __ (Colo. 2013)(09SC1084)(*1).</p> <p>Meets the ESTABLISHED A RELATIONSHIP Criterion: <input type="checkbox"/> Yes <input type="checkbox"/> No</p>				
C. PROMOTED A RELATIONSHIP				
<p>An offender "promotes a relationship" if, "excluding the offender's behavior during the commission of the sexual assault that led to his conviction, he otherwise encouraged a person with whom he had a limited relationship to enter into a broader relationship primarily for the purpose of sexual victimization." People v. Gallegos, __ P.3d __ (Colo. 2013)(09SC1084)(*1).</p> <p>Meets the PROMOTED A RELATIONSHIP Criterion: <input type="checkbox"/> Yes <input type="checkbox"/> No</p>

This INCLUDES court established factual basis sex crimes, hands off sexual offenses, Internet sex crimes and out of state sex crime convictions. 3B. SOMB SEX OFFENDER RISK SCALE (SORS) 2009		
<p>Pursuant to 16-11.7-103(4)(c.5), C.R.S., the Division of Criminal Justice worked in consultation with the Sex Offender Management Board (SOMB) to develop an actuarial risk assessment scale to be used in the identification of an offender's risk to be rearrested for a new sex crime. This research is described in the SVPASI handbook. Failure was measured as a new sexual arrest within 5 years. A score of 8 or above reflects that the individual is 5 times as likely to commit a new sex crime compared to those scoring 0-7.</p> <p>Note that risk of rearrest for a new sexual offense remains unknown for women and persons with developmental disabilities because the research sample used to develop this instrument included too few of these individuals. Caution should be exercised in the use of this instrument with these populations. For more information, please see the SOMB White Paper on women and risk assessment (available at https://docs.google.com/a/state.co.us/file/d/0ByCqXGmcaW-aam1XTmliQnpudLU/edit?usp=sharing&pli=1) and Standards 2.061DD, 2.70DD, and 4.210DD. Evaluators using this instrument with women and persons with developmental disabilities shall also attach a document with an explanation of the scoring, limitations of the assessment, any relevant research, and a recommendation on whether the person should be identified as a Sexually Violent Predator.</p> <p>Each item is scored with either 0, 1 or 2. 3C. MENTAL ABNORMALITY

Mental abnormality is referenced in 16-11.7-103(4)(c.5), C.R.S. Mental abnormality, according to statute, “means a congenital or acquired condition that affects the emotional or volitional capacity of a person in a manner that predisposes that person to the commission of a criminal sexual act...” One of the following instruments must be completed by the evaluator, who must meet the minimum qualifications for administering the instrumentation utilized to make the following determination. Refer to the SVPASI handbook for more details regarding these qualifications. SKIP THIS SECTION IF THE OFFENDER REFUSES TO PARTICIPATE IN THE ASSESSMENT.

DCJ research has found that an offender may be at additional risk when he or she scores:
