White Paper: Public Safety Considerations and Policy Implications with Restorative Justice in Domestic Violence Cases: (Handout)

Carolina led this agenda item and asked for feedback regarding the draft Restorative Justice White Paper. She noted this topic was introduced to the Board at the July meeting. Carolina summarized the current work being explored by the Restorative Justice (RJ) Council in using RJ with domestic violence cases. Given this opportunity, Carolina noted that his white paper would serve as the Board's response to the RJ Council’s request.

Discussion:
- Jackie List announced that she believed the paper was well-written and is a great synthesis of the most prominent concerns. She identified one grammatical change. Jackie noted that she reached out to some of the states that had been previously identified as to implementing RJ with domestic violence cases. She indicated that her contacts were not aware of any present RJ work happening with domestic violence cases.
- Jeanette Barich liked the document and made a few grammatical suggestions to the draft.
- Jesse asked the Board if there was interest in adding an Executive Summary. There was interest from the Board to add a short Executive Summary.
- Laura Bravo asked for clarification about the conclusion around if the Board was going to undertake the role of conducting the future research regarding RJ with domestic violence cases. The language was subsequently modified to indicate the Board would reevaluate the research as it becomes available.
- Public comments expressed concerns about the RJ paper and that marginalized populations are limited in their access justice.
- Lydia responded and indicated that there is a difference between RJ and Transformative Justice.
- Public comments expressed the need to acknowledge the areas where RJ has worked with other populations.
- The Board considered the discussion and public comments made. Nancy asked if a Board member was prepared to make a motion.

Sandra Campanella moved to table this discussion, Erin Gazelka second the motion.

The motion passed with fourteen votes to approve, zero votes to object, and zero votes to abstain.

**Revisions to DVOMB Administrative Policies: (Handout)**
Jesse Hansen announced and provided a summary of the draft revisions to the DVOMB Administrative Policies Appendix D of the Standards. The Application Review Committee (ARC) had reviewed and agreed to the changes. He advised the Board to review these proposed revisions because these would be a voting item at a future Board meeting.

**DVOMB Provider Management Record System: Launch and Implementation Updates: (Handout)**
Jesse Hansen presented the new DVOMB Provider Data Management System to the Board. He reviewed the purpose, capabilities, features and plans for implementing the new system.

There have been two applications approved within the new Provider Data Management System. As far as next steps, Jesse indicated that the soft launch would continue through the remainder of 2020. Starting in January of 2021, Approved Providers would be noticed about the new system and a staggered implementation process is planned between January and July 2021. The goal is to have nearly 100% of Approved Providers transition to the new system as part of the 2021 Renewal Application process.

There was a question if the new system would accept payments for the applications. Jesse indicated that payments are not currently accepted through the new system. However, future developments will hopefully add that capability.

**Adjourn**

The meeting adjourned at 12:34 PM.

Respectfully submitted by,
Adrienne Corday
