INDIVIDUAL SUPERVISION MANAGEMENT PLAN

Name of Student: \_\_\_\_\_ School District: \_\_\_\_\_

School: \_\_\_\_\_ Student Number: \_\_\_\_\_ DOB: \_\_\_\_\_

Date: \_\_\_\_\_

In 2000 the Colorado General Assembly amended and passed legislation which produced a set of standardized procedures for evaluation, identification, and supervision of juveniles who engage in sexually inappropriate behavior. In accordance with these established procedures and the provision of a safe educational environment for all students, the school district requires students who have been adjudicated or received a deferred adjudication on a sexual offense, or who are involved in pretrial supervision charges with a sexual offense, be placed on an Individual Supervision Management Plan for purposes of support and safety in the school district. Therefore, failure of the student to abide by the terms and conditions of his/her Individual Supervision Management Plan may result in disciplinary action, up to and including suspension and/or expulsion from school and the District.

Juveniles who engage in sexually inappropriate behavior can succeed in public school settings. This plan is to build a foundation for safety within the school community and address the needs of the juvenile through informed supervision.

**In addition to this Individual Supervision Management Plan, approved safety plans shall be kept on file with the building informed supervisor and a copy may be forwarded to the superintendent or his/her designee as per school district policy.**
